# KIDS, TWEENS AND TEENS: SOCIAL MEDIA AND TECHNOLOGY

## ABOUT THE PRESENTATION:

This interactive virtual forum, featuring Caitlin Tully and Margeretta Carrington from the Center for Family Safety and Healing at Nationwide Children's Hospital, will explore different social media apps and relationships online. Participants will receive helpful tips and

resources about communicating and guiding young people to set healthy digital boundaries, including a family media agreement. This virtual presentation will be held from 7 to 8:30 p.m. January 13, 2021 and will be accessible via the red "PPT Presentation Link" above.

## ABOUT THE PARENT PROGRAMS TEAM:

PPT's mission is to empower parents with information and skills critical to raising children in today's world. The committee provides information through evening parent

forums featuring experts in areas relevant to raising children. PPT is a collaborative group of district staff, community members and parents like you!
