

Extended Day Program

The Wiseburn Unified Extended Day Program offers a range of activities for children in preschool through 8th grade. Each program is tailored to meet the needs of students based on age and grade level. The before school program is designed to prepare students for a successful school day by providing a smooth transition to the school setting. The afterschool activities for all grade levels include a combination of indoor and outdoor activities including an opportunity to work on homework. Enrichment activities during both the morning and afternoon are created by teachers to support the development of peer interactions, intellectual reasoning, self-awareness, community relationships, and independence skills.
