Dear Practical Nurse Applicant:

Thank you for your interest in the Moore Norman Technology Center and the Practical Nurse Program. We know there are many different educational resources from which to choose, and we hope you will consider attending the Moore Norman Technology Center. Moore Norman Technology Center is one of the best in the state, with our highly qualified and dedicated faculty. We have an excellent facility that will add to your learning experience.

This booklet of information is intended to provide you with general information about the Practical Nurse Program and guide you through the application and enrollment process. Although there is a great amount of information, we hope it is presented in an easy-to-follow format.

Health care professionals are in high demand, especially nurses. Nursing can be a rewarding career choice with opportunities for advancement. There will be many more educational opportunities available for you after completing the Practical Nurse Program.

The Moore Norman Technology Center Practical Nurse Program does not award college credit. However, many RN programs recognize graduation from an ACEN accredited PN program by awarding advanced standing. Oklahoma City Community College, Rose State College, OSU-OKC and OU have career ladder programs geared explicitly to successful LPN graduates from MNTC.

As you consider your future, we hope you choose the Moore Norman Technology Center's Practical Nurse Program. We would be delighted to assist you and answer any questions you may have about the nursing program. Please feel free to contact me, the program coordinator, at jeff.jordan@mntc.edu.

Again, thank you for your interest, and we look forward to adding your name to the growing number of successful graduates of the Practical Nurse Program at Moore Norman Technology Center.

Sincerely,

MS, RN, MBA

_____ 2. IMMUNIZATIONS

Hepatitis B Vaccination

The hepatitis B vaccination is a series of three (3) injections given over a six-month period. If you wish, you may sign a declination (waiver) form and not receive the series. Nursing puts you at risk for coming into contact with infected blood and body fluids, so think seriously about refusing this protective vaccination.

Declination Statement

"A written statement from a licensed physician indicating that a vaccine is medically contraindicated shall exempt a student from the hepatitis B and/or measles, mumps, and rubella vaccinations. Students may also obtain exemptions to the hepatitis B and/or measles, mumps, and rubella vaccinations by submitting a written signed statement declaring that the administration of vaccine conflicts with the student's moral or religious tenets or, if the student is a minor, the student's parent or guardian provides a written statement that the administration of the vaccine conflicts with the parent's or guardian's moral or religious tenets."

_____4. National Background Check

This will be done the first week of class. Background checks are included with your paid tuition and completed through MNTC. Any positive reports will be submitted to clinical sites for their approval. If you can't be placed at clinical, you will be withdrawn from the program.

COVID-19 Vaccine

For participation in clinical programs, MNTC does not require students to be vaccinated against COVID-19. However, health care facilities participating in clinical rotations require students to be fully vaccinated prior to participating in clinical rotations at their sites.

You will be participating in clinic facilities that require a COVID-19 vaccination.

Medical Marijuana

Students are subject to drug testing at any time after program admittance, or at any time if a reasonable suspicion arises. Students may be denied admittance into the program, denied clinical experience, or be dismissed from the program for testing positive on a drug screening. It is important to understand that even if a student has a prescription for a controlled substance or other medication that impairs physical and/or cognitive ability, the student may be removed from the clinical setting or even the program, if the safety of others is at risk.

Per federal regulations, medical marijuana remains a drug listed in Schedule I of the Controlled Substances Act. Holding a medical marijuana license will not exempt students from a required negative drug screen to enroll in the program or participate in the clinical experience.

Immunization/Health screening requirements are based on clinical institutions' required documentation to attend clinical. Additional immunization/screenings may be required by clinical institutions.

If you have lived in Oklahoma less than one year, you must submit the information from the state where you previously resided as well as the OSBI report. These reports must also include information regarding sex offender history, violent offender and criminal offender histories.

It is your responsibility to obtain your record from the Oklahoma State Bureau of Investigation (OSBI) and provide it with your documentation. The OSBI has an online search system called Criminal History Information Request Portal (CHIRP) at <https://chirp.osbi.ok.gov/>. This system uses credit card or electronic transfer of funds to access all three required reports costing \$20, which you can print instantly.

If you need to go in person, the OSBI office is located at 6600 North Harvey, off NE 63rd, Oklahoma City, OK, one block west of Broadway Extension, Building 6, in the Broadway Executive Park. The telephone number is 405-879-2689, extension 0. The cost is \$19; OSBI accepts cash or credit card. They will not accept checks. You will be required to bring your Social Security number, date of birth, full name and payment with you to be able to complete the process. If you get your background check from the OSBI office, bring the original document; photocopies, faxed copies or other forms cannot be accepted. If you are a MNTC HIRE student, the DHS background check with this program will **NOT** meet the requirements for this program. See HIRE Coordinator with any questions.

If you have any questions, contact the Student Services Center at 405-801-5000.

National Background Search (*Post Acceptance*)

As a part of your program in the Health Education Department at Moore Norman Technology Center, you will be required to practice your skills in facilities requiring a National Background check. Before you can be assigned to a hospital, clinic or another facility for your clinical or externship experience, you must have the required background check. If your criminal history is positive, the facility will then review your personal criminal history background. Each facility has the right to accept or reject any student based on information shown in the criminal history background check. Moore Norman Technology Center cannot overrule the decision of the clinical or externship sites.

If you are refused clinical placement, you will be administratively dismissed from the program.

If you have questions, contact the Practical Nursing Coordinator at Moore Norman Technology Center at jeff.jordan@mntc.edu.

Information for Bulletins and
Catalogues of Nursing Education Programs

- I. In an effort to provide accurate and appropriate information in the bulletins and catalogues of nursing education programs, the Oklahoma Board of Nursing recommends a statement for inclusion in the bulletin/catalogue of each nursing education program. All other references to the role/responsibility of the Oklahoma Board of Nursing should be deleted.
- II. The following statement is the appropriate designation of the role/responsibility of the Oklahoma Board of Nursing in the nursing education program bulletin/catalogue:
- A. "The Moore Norman Technology Center is approved by the Oklahoma Board of Nursing. Graduates of this state-approved program are eligible to apply to write the National Council Licensure Examination (NCLEX) for (registered or practical) nurses. Applicants for Oklahoma licensure must meet all state and federal requirements to hold an Oklahoma license to practice nursing. In addition to completing a state-approved nursing education program that meets educational requirements and successfully passing the licensure examination, requirements include submission of an application for licensure, a criminal history records search, and evidence of citizenship or qualified alien status [59 O.S. §§567.5 & 567.6]. To be granted a license, an applicant must have the legal right to be in the United States (United States Code Chapter 8, Section 1621). In addition, Oklahoma law only allows a license to be issued to U.S. citizens, U.S. nationals, and legal permanent resident aliens. Other qualified aliens may be issued a temporary license that is valid until the expiration of their visa status, or if there is no expiration date, for one year. Applicants who are qualified aliens must present to the Board office, in person, valid documentary evidence of:
1. A valid, unexpired immigrant or nonimmigrant visa status for admission into the United States;
 2. A pending or approved application for asylum in the United States;
 3. Admission into the United States in refugee status;
 4. A pending or approved application for temporary protected status in the United States;
 5. Approved deferred action status; or
 6. A pending application for adjustment of status to legal permanent resident status or conditional resident status.
- The Board has the authority to deny a license, recognition or certificate; issue a license, recognition or certificate with conditions and/or an administrative penalty; or to issue and otherwise discipline a license, recognition or certificate to an individual with a history of criminal background, disciplinary action on any professional or occupational license or certification, or judicial declaration of mental incompetence [59 O.S. §567.8]. These cases are considered on an individual basis at the time application for licensure is made, with the exception of felony convictions. Potential applicants to state-approved education programs, with a criminal history, may obtain an initial determination of eligibility for licensure or certification from the Oklahoma Board of Nursing for a fee. The initial determination of eligibility for licensure petition can be accessed at <http://nursing.ok.gov/initialdeterm.pdf>.
- III. The Board requests that this statement be included in your bulletin/catalogue.

Information for Licensed Nurses, Advanced Unlicensed Assistants, and Applicants
for a License or Certificate:

Requirements for Verification of Citizenship or Qualified Alien Status,
Effective Nov. 1, 2007

Overview

A bill passed by the Oklahoma Legislature in the 2007 Legislative Session will have significant impact on licensure of individuals who are not United States citizens. House Bill 1804, entitled the Oklahoma Taxpayer and Citizen Protection Act of 2007, seeks to “discourage illegal immigration by requiring all agencies within this state to fully cooperate with federal immigration authorities in the enforcement of federal immigration laws” (HB 1804). **The new legislation requires the Oklahoma Board of Nursing to issue a license or certificate only to United States citizens, nationals and legal permanent resident aliens; and to applicants who present, in person, valid documentary evidence of:**

1. A valid, unexpired immigrant or nonimmigrant visa status for admission into the United States;
2. A pending or approved application for asylum in the United States;
3. Admission into the United States in refugee status;
4. A pending or approved application for temporary protected status in the United States;
5. Approved deferred action status; or
6. A pending application for adjustment of status to legal permanent residence status or conditional resident status.

Requirements for New Applicants and Applicants for Reinstatements/Return to Active Status

Applicants for licensure by examination, licensure by endorsement, certification as an advanced unlicensed assistant, and reinstatement or return to active status of a license or certificate will fall into one of two categories:

- o Applicants who are United States citizens, nationals, or legal permanent resident aliens must submit with their application and fee a notarized *Evidence of Status Form: Part A* and a photocopy of documentation verifying their citizenship status, as indicated on the *Evidence of Status Form: Part A*; or
- o Applicants who are not United States citizens, nationals, or legal permanent resident aliens **must submit in person at the Board office an *Evidence of Status Form: Part B* and original qualified alien documentation**, with their application, OSBI Criminal History Records Search, and fee. The original documentation will be verified, copied, and notarized. The status will be verified on an online system through the Department of Homeland Security (the SAVE system). **Qualified aliens will only be eligible to receive a license or certificate marked “Temporary”, valid for the time period of their authorized stay in the United States, or if there is no date of end to the time period of their authorized stay, for one year.**

Requirements for Renewal of License or Certificate

In 2008 and 2009, all licensed nurses and certified advanced unlicensed assistants will be required to verify citizenship status at the time of licensure or certificate renewal. Nurses and advanced unlicensed assistants who are not U.S. citizens, nationals, or legal permanent resident aliens, will not be able to renew online or by mail. Instead, they will be instructed to bring their original documentation to the Board office to renew. Their renewed license or certificate will be marked "Temporary".

For qualified aliens holding a license or certificate marked "Temporary", the licensee/certificate holder will receive a letter three months before the expiration date, instructing him/her to present, in person at the Board office, an *Evidence of Status Form* and original, unexpired documentation verifying their current immigration status. The licensee will then be provided with a renewal form to complete at the office and submit with the required fee.

Summary

The Oklahoma Board of Nursing plans to fully cooperate by implementing changes in licensing and certification procedures at the time the new law becomes effective on November 1, 2007. New application forms and an *Evidence of Status Form* will be available on the website on or before November 1, 2007. **All applications for licensure by examination, licensure by endorsement, certification as an advanced unlicensed assistant, or reinstatement/return to active status submitted on or after November 1, 2007, must use the new forms and meet the new requirements.**
