**Re: Residence Verifications for all incoming 9th grade students –
Deadline March 31st, 2021**

January 13, 2021

Dear Parents of 8th Grade Students,

As a part of the transition process to high school, we are contacting all parents/guardians of 8th Grade students to inform them of the District's address verification process before entering high school. In order to plan for staffing at the high schools and to ensure that student enrollment is at a level that is fair for everyone, we require all incoming 9th grade students to provide proof of residency for their appropriate high school attendance area.

All incoming ninth graders must submit "Proof of Residency" as part of the transition process to high school by Wednesday, March 31st, 2021 at 4:00 p.m. Students who do not submit the paperwork on time may be assigned outside their attendance area high school based on resource and space availability.

Suspected cases of fraudulent paperwork will be investigated by the GUSD Residence Verification Specialist. The District may refer cases in which false information has been intentionally provided to the District Attorney's Office for further action and/or file civil action to recover damages incurred as a result of providing false information. The use of fraudulent addresses is not acceptable. Your cooperation and understanding is essential to the process.

As a CHARACTER COUNTS!® District, we ask everyone to engage in behaviors that are aligned to the six pillars of character that we teach to our students; trustworthiness, respect, responsibility, fairness, caring, and citizenship.

We are very fortunate as a district to have comprehensive high schools of such high quality, offering a similar and broad range of courses in all major subject areas, 20 Advanced Placement courses, a wide range of CTE courses, and many elective courses all of which are taught by highly qualified teachers. Please attend the virtual upcoming freshmen orientations on January 27, 2021 so that you can learn more about your child's attendance area high school.

Thank you for your time.

Sincerely,

Dr. Deborah A. Flores, Ph.D
Superintendent
