

Directions for Career Cord Roadtrip Nation Report

In lieu of job shadow hours this year, we will be having you utilize the Roadtrip Nation videos on Naviance. Please see the instructions below on how to complete this part of your Career Cord portfolio. If you are earning more than one cord, you must do a report for each pathway for which you are earning a cord.

→ You will:

-Watch 5 videos related to the Pathway for which you are earning your cord

-Write a short paragraph for each video that you watch

-Each paragraph should include the name and a description of the person who was interviewed (where they work, what their background is, etc.), what their job/career is, and the most valuable thing you learned from that video

-There should be a total of 5 short paragraphs on the page. Please put your name, your Pathway, and the Cord you are earning at the top of the document

→ To access videos:

-Log on to your Naviance account via your GoLosAI account

-At the top of your home screen, click 'Careers', then 'Explore Roadtrip Nation Videos'

-At the bottom of the Roadtrip Nation page, you can search videos in the 'By Interest' section that relates most to the pathway for which you are earning that cord

→ This can be done on a Word document or a Google doc. Please send/share them to LAHSCareerCords@gmail.com. We will not accept any paper forms in our office, nor anything emailed directly to Mrs. Schaeffer or Mrs. Barton.
