Logging in to Destiny:

1. Click "Login" in the upper right corner.
2. Your User Name is your first name, space, and your last name (EXACTLY as it appears in PowerSchool).
3. Your Password is the LAST 4 digits of your PowerSchool ID number.
4. Click the "My Info" tab to see what you have checked out, due dates, and fines.
5. To recheck a book, click on the "Renew" button. This will only be available if your book is not already overdue.
6. Click the "Catalog" tab to look books up. To reserve a book, open the book record by clicking on the title, and then click the "Hold it!" button on the right side. The Library will pull the book and either deliver it to your 2nd period class or hold it for you at the circulation desk. If the book is already checked out by another user, your name will go on the waiting list for it. The Library will send you a notice when it is available for you to check out.
7. To recommend a book to another user, look the book up, open the record by clicking on the title, and click "recommend". Type their name into the "Find Patron" box, and then click "save".
8. To see what books are popular in our library, click on the "Top 10" link on the left side.

Writing a Book Review:

1. Find the book you want to review in the catalog. You MUST have finished reading the entire book to give it a review; you can't honestly review a book that you didn't read from cover to cover!
2. Click on the book title to open the book record.
3. Click on the "Reviews" tab at the top of the page.
4. Click on "add review".
5. Fill in the number of stars to rate the book using the following guidelines:
   1 star = I finished the book but didn't like it.
   2 stars = I finished the book but only liked parts of it.
   3 stars = I finished the book and liked it.
   4 stars = I finished the book and liked it enough to recommend it to a friend,
   5 stars = I finished the book, would recommend it to a friend, and would like to read it again.
6. In the "comments" box, use COMPLETE SENTENCES to tell what you liked about the book, such as the characters, the setting, the plot, etc.   Be specific, but DON'T give away important parts of the book. (NO SPOILERS!!)
7. Check your spelling, punctuation, capitalization, and word choice. **Your comments will only be posted if you use complete sentences that are error free and can support your opinion**.
8. Click on "SAVE" to submit your review. If you have followed the process correctly, it will be approved and posted into Destiny!
