Beautiful,thank u for organizing this. I enjoyed it very much. Felt alive again for nature and doing something different. I needed that. Thank s again. ☺☺☺

Thank you Michelle

This week the VIPERS Booster Club says goodbye to one of its most hardworking and dedicated members, Michelle. When the Booster Club needed her to step in as Chair of the club, she did so without any hesitation and at a time when it was needed. She worked tirelessly to support the ABA Vipers Spirit at ABA and was often to be the first one to arrive and the last to leave a Booster Club event. She has also worked closely with all club members, the PTA, parent volunteers, student volunteers, as well as ABA faculty and admin staff to successfully further the mission of the Booster Club and encourage, inspire and support our student VIPERS.

Over the past three years we have enjoyed working with her and we will miss her good humor, her positive energy, her caring nature and her drive. We thank her for her efforts and enthusiasm during her time at the Booster Club, and we wish her all the best with her next chapter.
