

Colnbrook Church of England Primary School Curriculum statement

Intent

At Colnbrook we want our curriculum to enable children to become good citizens in 21st century Britain; being strong, courageous and compassionate in everything they do. We want to develop children's natural curiosity and encourage them to ask questions that develop their understanding. We want our children's vocabulary to be stretched and provide opportunities to learn through discussion and debate. Our curriculum will be fun, exciting and relevant to everyday life and will be enriched with visits and trips. We want all our children to be challenged so that they achieve the very best that they can, working with them to break down barriers standing in their way.
