

“Making Great Kids Even Greater”

Welcome to the ECS! We’re so excited about a new theme in our building - ***“Making Great Kids Even Greater”***. Throughout the school year you will be receiving some information about child development, classroom connections, and how to support your child at home.

Over the first few weeks of school, it is typical for children to experience:

- Separation anxiety
- Fatigue
- Hunger
- Heightened emotions

To support your child, you may want to try:

- Built in downtime when they get home from school
- Consistent and early bedtime routine
- Have students ride the bus to school in the morning or give a quick hug goodbye at drop off and depart
- Pack your backpack (including snack) the night before and have it ready by the door

In our school, we follow a responsive classroom approach. It is a way of teaching that creates a safe, challenging, and joyful classroom and schoolwide climate for all children. We look forward to sharing more with you throughout the year.
