

Minutes from Community Council Meeting

January 13, 2021

In attendance: Marcie McQuiston, McKenzie Evans, Kerri and Rob Stuart, Audra Stam, Amy Cassil, Trish Springer, Karen Buys, Gini Allred, Cerissa Thompson, Marcie Hayes, Michelle Thomson, Michelle Duncan, Sean Morrison

Absent: Ariel Defay, Wendy Barlow, Jason McCammon

Principal Points:

-we're thankful we've been able to maintain in-person learning at Centennial and appreciate everyone's ongoing efforts!

-we welcome our newly hired PE teacher, Coach Landon Blake

-Assistant Principal Miller is retiring and we thank him for his time at Centennial! We welcome his replacement, Monica Ramos-Carlson

Counselor Update:

-the recent SUB 4 SANTA was a great success and many families offer their heart-felt thanks for the generosity shown in our community!

-9th grade PCCRs (Planning for College and Career Readiness) are coming up, starting January 26th. The counselors are hoping to offer an online Friday option for those who prefer that to in-person appointments. For in-person appointments, we ask that one parent (with no other children in tow) attend with their student, masks be worn, and please come 10 minutes early to be able to have time for check-in procedures.

-Course Requests for the 2021-2022 school year will be made available soon. March is time for registration!

Council Business:

-We reviewed the Composite School Plan found at

<https://www.davis.k12.ut.us/departments/assessment/sipandlandtrustplans> (click on Current Plan for Centennial Jr.)

-Principal Thompson also presented information with regards to TSSP (Teacher and Student Success Plan) funding and some of the way these funds are being allocated

-Teachers will be asked to submit their proposed uses for Trustland money by February so we will have those requests to consider at the next Community Council Meeting to be held February 10th.

-Council members were asked to think about goals we want for the School Improvement Plan and to submit these ideas to Gini before the February meeting. We are encouraged to request and seek out information/data to determine how our school is doing academically and how our students are doing. We want to identify areas of need and plan measurable actions to improve those areas.
