- **Comments from the Principal:**

Covid Update: As of today (November 16, 2020) Lincoln Elementary has Zero active Covid 19 cases in the school. We are super proud of the teacher, staff, students, and parents and their diligence in adhering to the CDC and district recommendations to stop the spread. Parents have been very diligent in keeping kids home when they are sick.

The number of student absences has been high due to Covid fear. Covid case number up dates will now appear on the marquee in front of the school. We hope this will help calm the community and help everyone to see what an amazing job Lincoln Elementary is doing to keep our students healthy.

Construction update: Great progress is being made in the remodeling of our parking lots and drop off/pick up areas. These are close to being opened.

The final two portable will be moved to the new location. There will be a total of 8 when the project is completed.

The four day in person class schedule started September 28th, 2020. This will continue for the foreseeable future.

The school is currently working on identifying families that are in need of help for Thanksgiving and Christmas.
