Principal's Message

Dear Jacobson School Community,

Welcome to the 2020-21 school year at Melville S. Jacobson Elementary School! Jacobson is a TK-5 neighborhood school that was built in 1990. The school has been serving families for 30 years.

Our Jacobson Team has high expectations for all students. We want students to be passionate about their education and to begin their journey as lifelong learners. Teacher Professional Learning Communities (PLCs) collaborate using data to set goals and improve teaching and learning. Additionally, our teachers integrate various subject matters to maximize instructional time. Another example of our PLC collaboration is our intervention program, where students are taught specific standards based on student assessment scores. Students who are English learners receive additional support through designated English language development (ELD) instruction from their teacher.

Students learn and model the Six Pillars of Character: trustworthiness, respect, responsibility, fairness, caring and citizenship. Students are elected to serve on Student Council and plan many activities, including spirit days. In addition, we offer social-emotional support, having counselors that provide intervention for academics, social/life skills and specific mental health needs for our students four days a week.

At Jacobson, one of our goals is to prepare all pupils for college and careers and ensure all students meet grade-level standards with a focus on closing the achievement gap between all student groups. Another goal is to provide a safe and equitable learning environment for all students and staff. Lastly, we are focusing on all students improving their ability to read and respond in writing. Literacy is a key foundation to academic confidence and success. We want to ensure that each student is a competent reader, writer and mathematician, meeting or exceeding grade-level standards.

Jacobson Elementary School values effective communication. Please follow us on Facebook and our school website for school updates and announcements.

Sincerely,

Derek Sprecksel, Principal

School Mission Statement

The mission of Melville S. Jacobson Elementary School is to inspire students to be lifelong learners by providing engaging, rigorous curriculum and relevant collaborative learning opportunities. The Jacobson School community will prepare students to solve real-world 21st-century problems and empower students to value diversity, themselves and others

Parental Involvement

Jacobson Elementary promotes a sense of community within the school by encouraging parent involvement in all areas of the school, such participating in School Site Council, English Learner Advisory Committee (ELAC), District English Learner Advisory Committee (DELAC), District Title I Parent Advisory Committee or Jacobson Staff Parent Association (JSPA).

The parent club welcomes parents to attend JSPA meetings. Our JSPA organizes our fundraisers and other fun events for our school community. Information is posted on the school marquee, on our school Facebook page and on our school website.

Jacobson also uses School Messenger communications system to contact families by phone, text message or email to make them aware of important upcoming events in English and Spanish.

Please do not hesitate to call the office at (209) 830-3315. We look forward to collaborating with you!

School Safety

Student safety is a major priority at Jacobson Elementary. Each year the school's safety plan is reviewed and updated. Staff and students participate in monthly fire drills. Earthquake drills are conducted each quarter. Each classroom is equipped with an emergency-response backpack and bucket containing items deemed necessary in the event of an emergency. All visitors to the school must sign in at the office, and all staff members wear badges. Staff members on duty wear an orange vest for easy identification. Fencing and gates surround the school site for additional safety and security. There are 19 security cameras located throughout the school. A positive school climate and safety are of upmost importance. The district School Safety and Violence Prevention Handbook and education code are followed. Inappropriate student conduct is not tolerated. Results from the school surveys indicate that staff, students and parents agree that Jacobson has a positive climate. Students demonstrating good character are acknowledged on a regular basis.

The school safety plan was last reviewed, updated and discussed in December 2020.

School Accountability Report Card

In accordance with state and federal requirements, the School Accountability Report Card (SARC) is put forth annually by all public schools as a tool for parents and interested parties to stay informed of the school's progress, test scores and achievements.

"The future belongs to the educated."

District Mission Statement

Tracy Unified School District prepares our diverse student population to be college and career ready for the 21st century by providing a quality-learning environment in safe, modern facilities equipped with the latest technological tools. Our culturally proficient world-class staff empowers students to reach their fullest potential and prepares students to solve real-world problems by utilizing best instructional practices and collaborating with the community, businesses and institutions of higher learning.

District Vision Statement

All students in Tracy Unified School District will become lifelong learners, responsible citizens, and leaders in the 21st century.

Enrollment by Grade

The bar graph displays the total number of students enrolled in each grade for the 2019-20 school year.

Enrollment by Student Group

The total enrollment at the school was 601 students for the 2019-20 school year. The pie chart displays the percentage of students enrolled in each group.

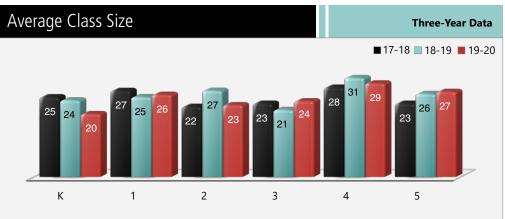

Types of Services Funded

About 58% of the district's income is spent on employee salaries, and 23% is spent on employee benefits. Books and supplies account for 10% of the district's spending, an additional 10% is dedicated to services and operating costs, three percent is used for capital outlay, and two percent is spent on other district outgo. Expenditures are expected to exceed revenues by approximately five percent.

All of our K-3 classes comply with the California Class Size Reduction program limits. We offer a Bilingual Education and a GATE program at South/West Park Elementary School. We provide special programs at our high schools that include Agricultural Career Technical Education, a Space and Engineering Academy, a Medical and Health Services Academy.

Class Size Distribution

The bar graph displays the three-year data for average class size, and the table displays the three-year data for the number of classrooms by size. The number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

CAASPP Test Results in Science for All Students (grades 5, 8 and high school)

The new California Science Test (CAST) was first administered operationally during the 2018–19 school year. The table below shows the percentage of students meeting or exceeding the state standards.

California Physical Fitness Test

Each spring, all students in grades 5, 7 and 9 are required to participate in the California Physical Fitness Test (PFT). The Fitnessgram is the designated PFT for students in California public schools put forth by the State Board of Education. The PFT measures six key fitness areas:

- 1. Aerobic Capacity
- 4. Abdominal Strength and Endurance
- 2. Body Composition

3. Flexibility

- 5. Upper Body Strength and Endurance
- 6. Trunk Extensor Strength and Flexibility

Encouraging and assisting students in establishing lifelong habits of regular physical activity is the primary goal of the Fitnessgram. The table shows the percentage of students meeting the fitness standards of being in the "healthy fitness zone" for the most recent testing period. For more detailed information on the California PFT, please visit www.cde.ca.gov/ta/tg/pf.

California Assessment of Student Performance and Progress (CAASPP)

For the 2019-20 school year, the CAASPP consists of several key components, including:

California Alternate Assessments (CAA)

test includes both ELA/literacy and mathematics in grades 3-8 and 11 and science in grades 5, 8 and high school. The CAA is given to those students with the most significant cognitive disabilities whose current individualized education program (IEP) designates an alternate assessment.

Smarter Balanced Assessments

include ELA/literacy and mathematics in grades 3-8 and 11. Smarter Balanced Assessments are designed to measure student progress toward college and career readiness.

The assessments under CAASPP show how well students are doing in relation to the state-adopted content standards. On each of these assessments, student aggregate scores are reported as achievement standards. For more information on the CAASPP assessments, please visit www. cde.ca.gov/ta/tg/ca.

CAASPP by Student Group: Science, English Language Arts and Mathematics

The tables on the following pages display the percentage of students that met or exceeded state standards in science, English language arts/literacy and mathematics for the school by student groups.

The "percentage met or exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAA divided by the total number of students who participated in both assessments.

Note: The number of students tested includes all students who participated in the test whether they received a score or not. However, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

The 2019-20 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waives the requirement for statewide testing for the 2019-20 school year.

Textbooks and Instructional Materials

Textbook-selection committee members are volunteers from each school site, balanced by grade band (K-2, 3-5, 6-8 and 9-12). They receive ongoing training in standards related to that content area before an adoption cycle begins. After extensive review and piloting, the textbook-selection committee members vote to recommend one text to the district's Curriculum Council. The council, which consists of members from each school site and includes some site administrators, reviews the recommendation and then recommends instructional materials (IM) to the school board.

Our most recent public hearing to adopt a resolution on the sufficiency of instructional materials was in September 2020. The district chose its most recently adopted textbooks (K-5 history/social sciences) using the state-approved list. The textbook content fits within the curriculum framework adopted by the California State Board of Education (SBE). Tracy Unified School District (TUSD) is in the process of evaluating and selecting instructional materials for science in grades K-12; this process has been hampered by school closures related to the COVID-19 pandemic.

Suspensions and Expulsions

This table shows the school, district, and state suspension and expulsion rates. The 2019-20 suspension and expulsion rate data are not comparable to prior year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to prior years. Note: Students are only counted one time, regardless of the number of suspensions.

School Facilities

General

The Tracy Unified School District takes great effort to ensure that all schools are clean, safe and functional. To assist in this effort, the district uses a facility-survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office located at 1875 West Lowell Avenue in Tracy, California.

Below is more specific information on the condition of Melville S. Jacobson Elementary School for the 2020-21 school year.

Age of School/Buildings

This school has 32 classrooms, a multipurpose room (MPR), library, administration building, storage building and kitchen. The main campus was built in 1989.

Additions were constructed in the 1992-93 school year (one relocatable classroom), 1993-94 (one relocatable classroom), 1997-98 (four classrooms added for Class Size Reduction), 2005-06 (three relocatable classrooms) and 2016 (intrusion alarm system, reconfigured parking lot for access compliance).

Maintenance and Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work-order process is used to ensure efficient service and that emergency repairs are given the highest priority. Our Entire campus received exterior painting with repairs to dry rot areas. The work was funded under Deferred Maintenance (Fund 14) and completed June 2020.

Cleaning Process and Schedule

The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the district office. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance Budget

In accordance with Chapter 12, Statutes of 2009 (SBX3 4), the district has elected to use the flexibility clause. The clause allows the district to use the state-deferred maintenance contribution as well as the district's matching share contribution toward "any educational purpose." The district has elected to commit deferred maintenance funding to cover general fund expenditures.

School Facility Good Repair Status

The table shows the results of the school's most recent inspection using the Facility Inspection Tool (FIT) or equivalent school form. This inspection determines the school facility's good repair status using ratings of good condition, fair condition or poor condition. The overall summary of facility conditions uses ratings of exemplary, good, fair or poor.

Professional Development

Lifelong learning is a goal for all stakeholders at Jacobson Elementary. We provide a variety of opportunities for staff development. We have fully implemented the California State Standards and provide forums for teachers to discuss instruction and student learning. This occurs when teachers meet in their PLC and during other opportunities for grade-level and schoolwide collaboration. Teachers meet regularly by grade level to plan, evaluate and collaborate on English language arts and math units, in addition to other subject matters.

We are working with TUSD's Professional Learning and Curriculum department to provide professional development opportunities for our teachers. We are focusing on designated ELD strategies. These strategies will be shared during some early release Wednesday professional development sessions. Microsoft Teams has been used for our virtual staff meetings. The principal has created folders that contain professional development resources within the JES Staff Team.

Students in grades K-2 use iRead early intervention program. iRead is a digital foundational reading program designed to close the achievement gap early and place all K-2 students on a path to reading proficiency by third grade. Teachers work with a consultant as needed for continued coaching and monitoring student progress. During the Spring of 2019-20, another computer lab was added to Jacobson Elementary School, increasing the access students and teachers have to technology at school.

Professional Development

Continued from page 10

Response to Intervention (RTI) is designed to continually focus a school's attention and resources to the individual child and their needs. Students in grades 1-5 receive intervention to focus on areas of growth. This intervention is supported by the teacher and an intervention paraprofessional.

We acknowledge that for our students to learn at their optimal potential, their social and emotional needs must be a priority in the classroom. Each teacher is providing Second Step curriculum to help students learn important social and life skills. Additionally, we have the support of mental health counselors on our campus four days a week to help our students with their academic, social, emotional and/or mental health needs.

California School Dashboard

The California School Dashboard (Dashboard) https://www.caschooldashboard. org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Public Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the internet at libraries and public locations is generally provided on first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available at a workstation, and the ability to print documents.

School Financial Data

The following table displays the school's average teacher salary and a breakdown of the school's expenditures per pupil from unrestricted and restricted sources.
