School Accountability Report Card
Reported Using Data from the 2019-2020 School Year
Published During 2020-2021

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

School Description and Mission Statement (School Year 2020-2021)

R. Rex Parris High School was established as a continuation high school for students within the Antelope Valley Union High School district beginning with the 2001-2002 school year. It received its California Department of Education identification number 19-64246-1996644 in July 2002. At that time, R. Rex Parris High School was located next to the Littlerock High School campus. It now has its own state-of-the-art campus located on the corner of Avenue Q and Clock Tower Plaza Drive. This location is within a few hundred yards of the new Palmdale Transportation center, which the majority of R. Rex Parris High School students use to take the bus to and from school.

The primary mission of R. Rex Parris High School is to serve students who are significantly behind in meeting their high school graduation requirements. Additionally, the school serves students who have consistently violated school discipline rules, substance abuse infractions, and severe attendance issues at its comprehensive site feeder schools of Palmdale High School, William J. Pete Knight High School, Highland High School, and Littlerock High School. R. Rex Parris High School also serves many students who are transferring into the district from outside agencies and are significantly behind in credit, or who are transferring in too late in the academic semester to be properly served on a comprehensive site. Historically R. Rex Parris High School has served approximately 1000 students per academic year, with 450 – 500 attending at any one time.

A morning and an afternoon session are run daily with approximately 300 to 350 students per session, comprised of both regular education and special education students (Special Day Class and Resource Specialist students). Each of the sessions provide students with a four period schedule. Students are able to progress at a more accelerated pace due to the school's variable credit environment. The instructional curriculum incorporates a syllabus format developed by the teaching faculty in specific instructional areas to ensure that students receive a standards-based curriculum that works in concert with those standards adopted by the California Department of Education. We are also currently collaborating and integrating the Common Core State Standards.

R. Rex Parris High School affords students a unique opportunity to succeed in life by providing a learning environment that nurtures and sustains the individual student in their educational experience.

Our educational community combines a variable credit standards based academic curriculum with a philosophical commitment that each and every student can and will receive a high school education second to none. By combining an accelerated variable credit system, individual instruction, technology, a Common Core State Standards-based curriculum, and a Positive Behavior Intervention and Support program, the faculty and staff are dedicated to promoting student success, not only in academics, but also in their personal and social lives.

The precepts of this commitment, our goal, is sustained by educational professionals, support staff, parents/guardians and the community at large dedicated to sharing with our students the tools, insights and support necessary to achieve a quality education.

The accomplishment of our goal will be perpetuated in our graduates with a genuine respect and appreciation for the education they have attained and willingness to assist others who must complete that same educational journey in pursuit of their fulfillment as human beings while contributing to the communities of which they are members.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

School Facility Conditions and Planned Improvements

R. Rex Parris High School uses a new, state-of-the-art campus that was opened for student use in the second semester of the 2005-2006 school year. The site contains a library with 24 Desk top computers, 150 Lap top computers, and 230 Chromebooks for student use and over 12,338 in collection for student checkout. 200 designated student devices/computers within the classroom setting. The quad area has two full-sized basketball courts, a volleyball court, a handball court, and a large grassed area that may be used for softball, football, soccer, and other sports that require a large playing field. There is also a covered outdoor eating area that may be used in addition to the cafeteria area within the school's multi-purpose room. Each classroom has at least ten computers, with fifteen computers in the reading classes. A dedicated custodian cleans the facilities during the day and evening, a groundskeeper that is shared with Palmdale High School maintains the grounds once per week, and maintenance is handled through a work order process via the district office.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Career Technical Education Programs (School Year 2019-2020)

R. Rex Parris High School students are prepared to enter the workforce/or continue at the community college by enrolling in our state-honored auto technology courses. These courses offer four specific training modules that can lead to certifications in brakes, lubrication, tire service, and parts specialist and provide our students with the knowledge and experience they need to secure jobs in the automotive industry.

Additionally, students can enroll in Work Experience to assist them with work-related issues, including resume writing, effective interview skills, and time management.

Additional R. Rex Parris High School supports include Office Practice classes.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020-2021)

Parental involvement activities include: Community Volunteer Program; serving on the School Site Council; serving on the school's Title I Committee; serving on the school's English Learner Advisory Committee; Serving on the PBIS team, Attending Parent afternoons, and applying for a tutoring position; other duties as they become available. Once each quarter, the site calendars parent-teacher conferences.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates.

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

School Safety Plan (School Year 2020-2021)

The safety of R. Rex Parris High School students and staff is a primary concern. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Emergency Disaster Plans are located in all classrooms, offices, library and meeting areas. Fire and disaster drills are conducted on a regular basis throughout the school year. A storage bin located at the school contains supplies for use during a disaster. All visitors must sign in at the front office and wear identification tags while on the school grounds. A school administrator and two campus security officers provide supervision during lunch and before and after school to ensure the safety of students. A comprehensive school safety plan has been developed in order to comply with Senate Bill 187, chapter 736, as of October 6, 1997. This plan provides students and staff with a means to ensure a safe and orderly learning environment. A complete copy of the School Safety Plans can be obtained in the Administration Office.

In addition to safety enhancements across the District (see below), at R. Rex Parris High School we utilize an electronic entry system and a metal detector at the main entrance. We also are focused on the social and emotional well-being of our students and provide our staff Capturing Kids Hearts training, which teaches the power of connectedness and relating to students on an individual basis.

District Statement:

We want our community to be aware of our continued commitment to safety which includes multiple, proactive approaches to fortifying security throughout our schools.

In April and June 2018, we conducted safety reviews of our campuses that resulted in the implementation of enhanced safety measures. These measures vary by school and include enhanced fencing, additional security and counseling personnel, updated surveillance cameras, front entrance modifications, and door locking devices. We also incorporated additional training with the Lancaster Sheriff's Station and revised student, staff and visitor identification processes.

For more than 25 years, we have had a dedicated school deputy on campus each day. In addition to this, we continue to focus on our students' social emotional needs through various programs and counseling outreach, provide safety training to our students and staff, and underscore the importance of vigilance through "See Something, Say Something." Our district and site websites have links to confidential student referral forms, where students and parents are able to submit safety concerns for administration to address.

Professional Development (Most Recent Three Years)

Measure	2018-19	2019-20	2020-21
Number of school days dedicated to Staff Development and Continuous Improvement	3	3	3

Teachers attend professional development meetings at R. Rex Parris High throughout the academic school year. Each after school session is approximately one hour in length and is led by teacher leaders and Administrators. Such opportunities are provided once each week. There are also full day Professional Development Days embedded into the district calendar. Professional development is also available for teachers through district offerings. Department Chair meetings are held monthly at the end of the school day.

Professional development topics are determined by teacher and student needs. Understanding the Common Core standards and developing project based units and lessons played a large part in professional development during the 2015- 2016 school year and has continued. Writing across the curriculum, AVID strategies, thinking maps, SAMR, student interventions and 21st Century Learning Skills are also topics that will be covered during the professional development meetings.
