School Description

138th Street School is one of three elementary schools located in the Wiseburn Unified School District (enrollment: 4,000) located just south of LAX.

138th Street School serves 442 3rd-5th grade students: 41.1% qualify for FRPM: 16.6% are ELL, 21% identify as white; 59% Hispanic/Latino; 7% Black, 10% 2 or more races, and 2% Asian. There are 16 classroom teachers which include ELD, RSP, and SDC, CARE Team, credentialed music teachers, Assistant Principal and Principal. Since 2010, 138th Street School has been identified as a Title 1 school and now implements a school-wide 1:1 Chromebook initiative.

At 138th Street School Elementary we strive to bring out our BEST in all we do. While our BEST acronym guides us within our positive behavior reinforcement system (B-Be Responsible, E-Effort all the Way, S-Safety First, T-Treat all with Respect), it also stands for something more. As 21st century learners, we know that “to be our best” involves being engaged and reflective citizens of the world. Our students, teachers, and staff are all committed to putting their BEST foot forward and are eager to jump into learning with an open and curious mind. We see a culture of continuous improvement in all aspects of school life at 138th Street School. Students are learning to be flexible in their thinking, valuing mistakes as learning opportunities, and using one another as resources to enhance their learning.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

The learning community at 138th Street School is supported by all parents, teachers, students, and staff. Through our PTA and Wiseburn Education Foundation we are able to provide our students with a curriculum that is well-rounded and rich with hands-on, engaging learning opportunities. Our community partnerships through local businesses such as Chevron, provide PLTW resources to help our students learn 21st-century science and engineering skills.

The staff continues to work together at improving our Professional Learning Community(PLC), whereby teachers and other support staff collaborate by using local assessments to improve student achievement. Our teachers at 138th Street School are also on a path of continuous growth and modeling to their students the growth mindset in action. Teachers are taking the time to collaborate and think critically as we introduce our new Language Arts series, Wonders, and continue to develop and enhance our CGI curriculum. This process is showing our students that we are ALL lifelong learners and our capacity to be flexible and adapt and change over time, leads us to make deeper connections and insights into our learning.

In Mathematics, we continue to deepen our understanding of mathematical concepts and practices through the lens of Cognitively Guided Instruction (CGI). The CGI philosophy emphasizes a student-centered approach to teaching mathematics that focuses on problem-solving, collaboration, and reflection. Students and teachers engage with concepts at a deeper level and utilize a wide variety of strategies to demonstrate their learning and understanding. In addition, My Math is the adopted textbook used by teachers as a primary component of their math instruction. Both ST Math and Simple Solutions are supplemental resources that help build students knowledge in key math concepts.

A Multi-Tiered System of Support continues to be implemented to allow students to receive immediate and specific academic and behavioral assistance where needed. Students are identified for intervention by a universal screener administered four times a year, teacher recommendation, and school and district assessments. Our Student Study Team added new procedures for staff members to review supports for students and provide strategies for parents to support their children at home. These procedures include utilizing both formative and summative assessments, classroom observations, as well as, considering a student's social-emotional well-being to best determine the appropriate course of action for support. This process involves our CARE Counseling Team, intervention specialists, parents, and classroom teachers in collectively developing strategies to support positive student outcomes.

This success is evident in our students' 2018-19 test scores. 138th Street School students demonstrated growth school-wide in English Language Arts and closed the achievement gap in ELA and Math two years in a row. 138th Street School's scores reflect positive growth as our teaching practices aligned with the state standards and curriculum and instruction became more student-centered and interactive within the classroom. Teachers collaborate to reflect on and refine best practices and use local assessments (observations, surveys, student work) to improve student achievement. In the Spring of 2018, 138th Street School was awarded the honor as a California Distinguished School.

Being our BEST is a continuous process that involves compassion, collaboration, creativity, and community. The learning community at 138th Street School strives to reach those goals each and every day.

School Facility Conditions and Planned Improvements (Most Recent Year)

Age of School Buildings

138th Street School has 20 classrooms, one SDC classroom, one resource specialist classroom, one speech therapist, and an ELD classroom/ teacher. multipurpose room, a library, and an administration building. The main campus was upgraded in 1997. The following buildings have been added to the main campus after 2009: a library, media center four classrooms, a kitchen conference room and a multi-purpose room. All classrooms were up-graded in 2014. Two portable classrooms have been added to support arts programs, counseling, PTA, and to add space for our Child Development Center. The multipurpose room was built in 1997.

Maintenance and Repair

LEA maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Cleaning Process and Schedule

The LEA governing board has adopted cleaning standards for all schools in the LEA. A summary of these standards is available at the LEA office, or online. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The rate for each system inspected
- The overall rating

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and

- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

ELA	71	N/A	74	N/A	50	N/A
Math	58	N/A	57	N/A	39	N/A

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020-21)

Parent participation and engagement are essential components to our success at 138th Street School. The prominent marquee posted near the front entrance informs our school community about important upcoming events, as well as, several areas where information is displayed and shared. Weekly and monthly emails inform parents of the current events taking place within the school and highlight the strong partnership between District and community members. Parents can join our School Site Council(SSC), which works with the administration to develop goals and allocate resources to support our students and staff. Parents of English Learners are vital to our English Language Advisory Committee(ELAC) and to outreach efforts on behalf of new families. Teachers use parent volunteers to help with special projects in the classroom and to chaperone field trips.

The Wiseburn Education Foundation provides funding for programs that enrich our arts and music opportunities. Our PTA help staff members in classrooms and supports programs throughout the school. In a traditional year, parents participate in our annual Talent Show, Father/Daughter Dance, Mother/Son Game Night, field trips, restaurant nights, seasonal fundraising activities, Family Arts Night, Craft Night, Movie Nights, Ice Skating and Book Fairs. Parents are encouraged to attend Back-to-School Night in the fall, Open House in the spring, and parent-teacher conferences in November and February. We always need new volunteers! Parents, who are not able to volunteer during the school day, may prepare classroom projects at home. Parents feel comfortable coming on campus to help in classrooms and attend meetings. They feel welcomed by our office staff, classroom teachers, support staff, and principal.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2020-2021)

138th Street School continues to provide a safe, nurturing and secure environment for all students. 138th Street School is a closed campus that is gated and students may not enter until 8:00am. All gates are monitored by teachers and staff at arrival and dismissal times. The 138th Street School staff monitors the school grounds 30 minutes before and 15 minutes after school, as well as at all recess and lunchtimes. Teachers and the principal regularly review the rules for safe, responsible behavior in school and on the playground with students. Visitors must enter the school through the main office, where they sign in and receive a 138th Street School badge to wear throughout their stay. Our School Safety Plan is revised on an annual basis and was last revised in January 2020. The School Safety Plan includes procedures for emergencies, exit routes, and inventories of emergency supplies. The plan is available to all community members and is located in the main office and posted on the school website. The 138th Street School Staff has an opportunity to discuss the plan and participates in monthly school drills which include; Fire, Intruder on Campus, Lockdown, Shelter- in- Place, Drop Drill, and Earthquake Drill. The following topics outline our Comprehensive Safe Elementary School Plan and include the major action plan that focuses on programs and policies that help in our goal of a safe Elementary School.

Our Comprehensive Safe Elementary School Plan includes the following state mandates:

- A safe and orderly environment that is conducive to learning
- Disaster procedures for various emergency situations
- Sexual Harassment Policy
- Procedures for reporting hate crimes
- Procedures for notifying teachers of dangerous students
- Child Abuse reporting procedures
- Elementary School dress code and board policy
- Policies related to suspension and expulsion
- Procedures for student safe ingress and egress
- Elementary School Rules

Each year we add several new safety precautions due to situations that occurred throughout the United States. Every year, as a District we participate in the annual earthquake simulation drill (The Great Shakeout). We have revised our evacuation procedures to allow for a more fluid and seamless exit from school buildings to a safe location. In addition, ongoing review of our emergency supplies is being conducted by staff to eliminate outdated materials and begin aligning emergency supplies district-wide. In Wiseburn, we are privileged to have responsive law enforcement support. The presence of our local law enforcement officers patrolling our neighborhoods and schools during crucial times supports a love for learning, which is appreciated by all.

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

Professional Development (Most Recent Three Years)

Measure	2018-19	2019-20	2020-21
Number of school days dedicated to Staff Development and Continuous Improvement	3	3	3

Staff Development continues to play a pivotal role in the Wiseburn Unified School District. In 2020-21, the focus for 138th Street School and the District was the deep study of Cognitively Guided Instruction (CGI) in Math. Teachers participated in three Staff Development days where they received training to support District goals related to Math, aligning targeted instruction to the math standards and standards for mathematical practices.. Through our continued partnership with Talking Teaching Network, the focus was on supporting teachers in their implementation of CGI strategies, and provide opportunities for increased collaboration within and across schools and grade levels. All teachers in grades 3-5 participated in 3 lab days with a content expert in math to support unpacking the standards and developing cohesive lessons to support their daily math instruction. Teachers co-plan and co-deliver lessons with the site coach and debrief on student work and outcomes to plan next steps in their instruction. This year to prepare our teachers for Distance Learning, all teachers participated in training on SchoolsPLP.

We also continued our focus on student- centered work as teachers utilize grade level reading assessments through the STAR Assessment program. Teachers collect and review STAR data four times a year to monitor student progress in reading comprehension and mathematics. Each Wednesday, students have an early dismissal to designate ample time for teacher, grade level and site level planning activities. From this, student strengths and learning needs are identified and strategies for improving delivery of services and instruction which are aligned to professional development groups. When planning staff training, teachers and administrators look at student work, test scores and review the most pressing issues of the previous year to choose specific topics to focus on and refine instruction.

In 2020-21 138th Street School focused on deepening our understanding of the essential standards in mathematics. In 2020- 21, we will continue the focus on understanding the math standards and SMP's (Standards for Mathematical Practices). With that in mind, we aspire in our staff to continuously question, investigate, share learning, and act on it. Our principal takes the lead in creating a school-wide culture of inquiry and improvement. This is a professional, nurturing, environment that encourages collaboration among staff and other stakeholders as we reflect on strengths and growth areas through analysis of self-assessments, feedback from peers, parents, and partners. Data collected is being used to develop a strategic site plan in professional development in the 2021-22 school year.
