

When can a student return to campus?

Ask these two questions to determine the answer.

DID YOU TRAVEL?

Did not travel.

Students must be tested for COVID-19. If the results are negative, they may return to campus. See *below for testing options*.

Traveled out-of-state.

Students who traveled out-of-state need to quarantine for seven days, be tested for COVID-19, and receive a negative test result before returning to campus. Students may be tested at earliest on their third day back in-state but may not return to classes or athletics before the full seven days of quarantine has passed. See *below for testing options*.

DID YOU GATHER?

Gathered indoors with 10 people or fewer from outside your household.

OR

Gathered outdoors with 50 people or fewer.

Students must be tested for COVID-19. If the results are negative, they may return to campus. See *below for testing options*.

Gathered indoors with more than 10 people from outside your household.

OR

Gathered outdoors with more than 50 people.

Students who have gathered in ways not in accordance with state guidelines must quarantine for seven days after gathering before being tested for COVID-19. If the results are negative, they may return to campus. See *below for testing options*.

TESTING OPTIONS

- ▶ Students may test for COVID-19 at Lakeside on Fridays. If the results are negative, they may return to campus on Monday, as scheduled.
- ▶ Students may get tested at an official public health testing center. The negative test result must be emailed to healthandsafety@lakesideschool.org at least 24 hours before the student is expected to return to campus. Once the result is recorded, the student will be contacted about returning.
