#### **60MUS1 BAND 6**

The sixth-grade band program builds off of the fifth-grade program as well as students new to band. It will continue to introduce concepts used throughout the middle school band curriculum. The two main components are small group lessons and large group rehearsals. Large group band rehearsals are conducted every other day. Each student receives a 20 minute, small-group lesson every eight school days. Expanded performance opportunities are available through small ensembles, jazz ensembles and other special groups. All students perform in at least two concerts during the school year.

#### **60MUS2 CHOIR 6**

Students enrolled in Choir 6 will have the opportunity to sing a variety of music, from classical to current day, popular music. Students will sing in a large group setting and will learn how to read music and sing in 2 to 3 parts. Also, students have the opportunity to be in a smaller ensemble that meets during the day. Lastly, we will have at least two performance opportunities.
