Online Parent Access

Quick Access Guide
&
Cell Phone Apps

This document is designed to inform parents of the phone apps and websites they should have access to and provides a worksheet for documenting their usernames and passwords. The worksheet can also be used with the Complete Guide for setting up parent access if a parent doesn't know their usernames and passwords and needs detailed instructions for accessing each resource.

In general, usernames and passwords can be obtained for any of these services by visiting the website and requesting a password reset. Access is controlled by the email address being used for the parent record in Skyward.

The Complete Access guides can be found at:
www.stillwaterschools.org/parent-student-resources/how-get-connected-teachers-classrooms

Online Parent Services

Skyward - Student Information System. This is the student database that contains your child's primary student records, grades, reports, and emergency contact information. It is used to manage student information.

SeeSaw - Online Learning Management System - Grades PreK-5. This is where you will find our about what your student is learning in class, including their personal learning artifacts. It is also a great tool for parent/teacher communication. It is used to manage student learning.

Schoology - Online Learning Management System - Grades 6-12. This is where you will find homework, upcoming tests, and other information about what is happening in your child's classrooms. It is also a great tool for parent/teacher communication. It is used to manage student learning.

School Cafe - Lunch System. This is where you can monitor your child's lunch balance and see what they're eating. You can also submit an application to the National School Lunch Program. In order to add money to your child's lunch account, you must use FeePay (below).

Versatrans - Versatrans My Stop bus tracking system. This is where you can monitor your child's bus to see when they will be picked up or dropped off.

Not Available on Cell Phone Apps - Must user web browser

FeePay - *Fee Management System. This is where you can process online payments for school or district services including adding money to you child's lunch account or paying for extracurricular activities.*

Classlink - *This is our Single Sign-on Portal. Once we have all of your accounts setup, this is where you will go to access any and all ISD834 online accounts.*
