

# Valentine's Day 2021

Brown Elementary will be celebrating Valentine's Day this year by making cards for each other while at school. These handmade creations will vary by grade-level, class, and student, but the joy that comes with spreading kindness will be consistent throughout.

**Cohort A and B Students:** Do not bring valentines from home. Students will be making valentines at school during the week of February 1st, and after quarantining, the valentines will be distributed on the 11th and 12th.

**Full-Distance Students (Cohort C):** Each Cohort C student will have a valentine collection bag in their Brown School classroom. Cohort A and B students will make valentines for our full-distance friends, and bags will be delivered to students' homes on the 11th and 12th. If Cohort C students would like to make valentines for their peers, then they must be dropped off at Brown by Friday, February 5th. This allows them to quarantine before being distributed. Please make sure to send in a valentine for every student in the class. Classroom teachers will be able to give first names of students to any interested Cohort C family.

**Parents:** \*This section is a surprise. Shh!\* All members of Brown's staff will have a valentine collection bag as well. This will enable everyone at Brown to partake in spreading and receiving kindness. If you would like to send along words of appreciation to a staff member (or multiple), merely email your message to Alexis Jones at [jonesal@spsdme.org](mailto:jonesal@spsdme.org) and she will print it out and put it into the corresponding bag. This surprise will surely bring a smile as staff read their valentines during the break. Thank you for considering.
