

Lycee Francais de San Francisco Parent Association  
San Francisco, CA

Tuesday August 18<sup>th</sup>, 2020

Dr. Matt Willis, Marin County Public Health Officer, and  
Mary Jane Burke, Marin County Superintendent of Schools  
Marin County, CA

Dear Dr. Willis & Ms. Burke,

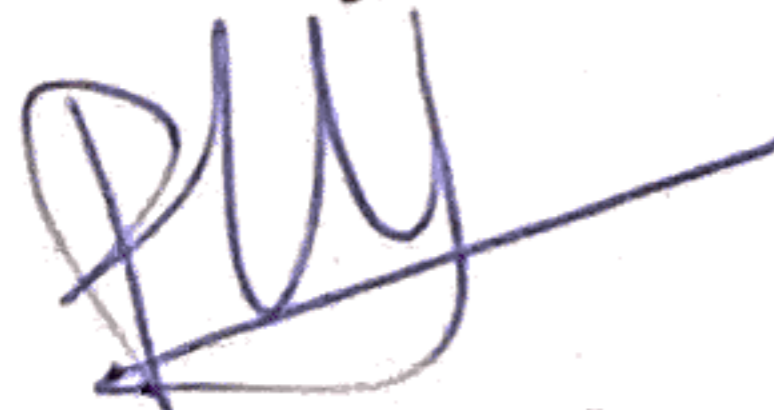

We are writing to express support from the Lycee Francais de San Francisco (LFSF) Parent Association (PA) for the re-opening of in-person learning at our school this fall.

The LFSF's administrative team has showed tremendous creativity, resolve and thoroughness in adapting to the evolving requirements of this pandemic. They have focused on the safety of all our community: students, teacher, staff and parents. They have been working diligently to put in place a safe environment for in-person learning, including leasing additional space to allow for social distancing in classrooms.

The LFSF is a tight knit community, and those who have communicated in the parent community, have expressed their desire and support for the school's return to in-person learning. We trust that the community is committed to adhering to all of the safety protocols that the LFSF is implementing, as communicated.

The PA team will work to support our school in their efforts to ensure the best possible learning environment for students and teachers and in their efforts to build awareness of our families' collective responsibility in the health and safety of our community.

Sincerely,

A handwritten signature in blue ink, appearing to read 'P. Patel', with a long horizontal stroke extending to the right.

Perrine Patel

President of the Lycee Francais de San Francisco Parent Association
