Placement of the Class of 2020

Universities & Colleges	Number of Students
USA/Canada	33
United Kingdom	33
Netherlands	21
Europe/Other	5
Korea	6
Germany	14
Japan	4
Australia	3
Total	119
Gap/Service Year	15

An impressive 27% of IB students scored between 40 – 45 points!

Traditionally, one third of FIS graduates attend universities in the UK, one third in the USA/Canada and the remaining third elsewhere in the world. The Class of 2020 had an increase in matriculation to Germany due, in part, to concerns related to Covid-19.

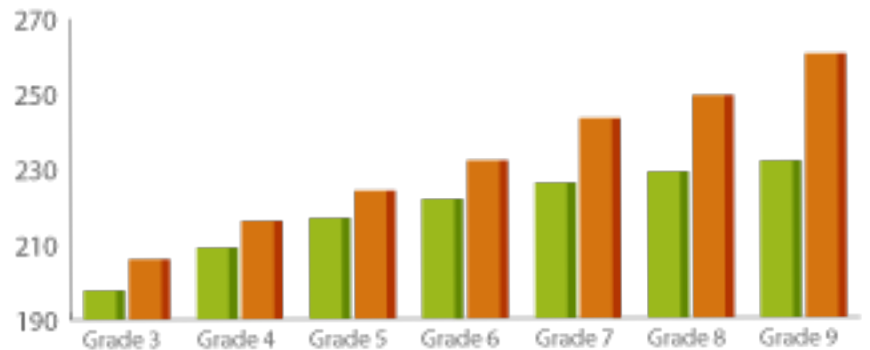

Measures of Academic Progress (MAP) Norms

FIS uses Measures of Academic Progress (MAP) as its standardized testing instrument. This tool compares FIS students against a sample group of roughly three million other students. As can be seen from the data below, FIS students exceed the MAP norm in all testing areas. The spring MAP data is used to demonstrate academic growth of individual students each year. FIS uses Grade 9 MAP data in mathematics to help inform its placement of students in one of three levels of math classes.

FIS Annual Fund

The FIS Annual Fund is the foundation of philanthropic spirit at FIS. Now in its 11th year, the purpose of the fund is two-fold. The Fund finances new and innovative learning initiatives outside the normal operating budget. Additionally, the Fund supports the Tuition Reduction Program. Through donations for Student Scholarships, our donors assist families who otherwise could not meet tuition and are thereby able to enroll or continue their studies at FIS. Annual Fund donations are an opportunity to show solidarity, create diversity and improve the learning lives of our student community.

For the year ending 30 June 2020, the fund received 89 donations (113 donations in 2018/2019) totalling € 48,072. This amount reflects a combination of donations to the Frankfurt International School e.V. in Germany and to the Frankfurt International School Foundation Inc in the US. The Annual Fund received 80 donations from € 10 to € 10,000 and 11 US Dollar Donations ranging from \$ 50 to \$ 10,000.

Donations were significantly down versus 2018/2019 (€ 124,871) most likely as a result of five less months of fundraising awareness due to the Corona pandemic. The sum in 2018/2019 was also elevated due to the generosity of a corporate partner.

Donors to the Annual Fund represent the entire FIS Community: Parents 62 % (56 % 2018/19), 28 % (27 % 2018/2019) current Faculty & Staff, 9 % Alumni (14 % 2018/19), 1 % (3 % 2018/2019) small business and corporations. Furthermore, 66 % (72 % in 2018/2019) were repeat donors while 34 % (28 % 2018/2019) were first time donors to the Annual Fund. Many thanks go to our supporters for their loyalty and commitment.

The breakdown between unrestricted and restricted gifts to the 2019/20 Annual Funds is as follows:

Unrestricted Gifts:	€ 38,320
Student Scholarships:	€ 4,946
Other (divisional/depart. donations):	€ 2,220
Service Groups:	€ 2,041
Awards:	€ 545
Total Annual Fund Donations:	€ 48,072

In a difficult fundraising year, we remain extremely grateful for the support of members of our international community of FIS parents, faculty and staff, alumni, local businesses and friends, whose commitment to excellence in education and a belief in our mission inspires us to continuously improve, enhance and innovate learning opportunities at FIS.

Frankfurt International School wishes to express gratitude to all who participated in the 2019/2020 Annual Fund.

Darren Trebel and Jessica Russo Scherr challenged FIS IB Diploma art students to use discarded paper towel tubes as they wandered the campus to create artwork with a unique telescopic view. Students captured the beauty of the fall colors at FIS in stunning fashion and have displayed them outside of art rooms in an exhibition titled "A World of Opportunities." We are grateful for their unique "tunnel" vision that has enlivened this Annual Report.
