- **Mid-Term MAPPS- The second round of testing is nearly complete and going very well. Several students improved their scores and will not have to retest. Only a few kids went down. Staff are analyzing the scores to ascertain why things didn't go as well for them. The results are showing growth and now we should work more diligently**

towards achievement. Mark asks to be reminded how we measure that, and T.J. explained that it is based on how much a student has moved forward in growth and showed everyone the chart that measures the achievement.

- **Costa Rica** -This year's trip will take place May- 26 thru the first week of June. Students are beginning fundraising the week of the 25th and hope to make \$750 a piece for the trip. Students are hoping to volunteer at a wildlife refuge as part of this year's community service outreach.
- **Senior Trip** will be 15th through the 19th in Lake Powell. The senior class is doing a cologne fundraiser. Selling scented oils for \$8.00 a bottle.
- **Graduation**- Wednesday May 20th, 2020 at 6:00pm
- **21st Century Grant** report from Israel Sanchez indicates that the grant programs are going well and students are really making some progress. All is going well, and we recently had a visit from CDE. They felt good about the progress we are making. We are often used as an example of strong programming.
- **EARRS Grant**- Our Drug and alcohol therapist, Dr. Marjorie Lewis has been developing parenting groups and other phenomenal programming. Her and her staff are doing extensive research and assessments as to the drug and alcohol treatment needs of our students and families.
