DEXTER COMMUNITY SCHOOLS

February 2, 2021

Dear DCS Parents,

Every Monday the state lists school Covid-19 cases on a [state website](#). They consider two or more cases in a school as an outbreak, whether they are related or not. On today's list, Dexter Community Schools (Mill Creek Middle School) was included. Specifically, we had two cases involving adult staff who were not in contact with students. The data was from the week of January 18th, prior to Mill Creek students returning to the building.

We were unaware that this would be listed as an outbreak and apologize for not notifying our school community sooner. We keep a [dashboard of current Covid-19](#) positive cases and quarantines up to date on the DCS website.

Please be assured that the safety of our staff, students, and families is our highest priority. No students were in the building or at risk of exposure in this particular case.

Thank you for your patience and understanding.

Take care and Go Dreads!

Sincerely,

Christopher Timmis, EdD

Superintendent
