January 28, 2021

Dear Families & Staff:

Today we were notified of a “probable” positive case of COVID-19 at Stonington High School. The identification of a “probable” case is determined through consultation with Ledge Light Health District. The school administration has completed contact tracing in order to identify close contacts of the probable positive case. At this point in time all close contacts have been notified. Additionally, we are reporting a positive case at Stonington Middle School which required no contact tracing.

As a reminder, anyone who is deemed a close contact of a positive case of COVID-19 is required to quarantine. Information about quarantine protocols is available on both the school district and Ledge Light Health District websites. We appreciate your cooperation as we continue to strive to keep our schools open and safe.

Sincerely,

A handwritten signature in cursive script, appearing to read "Van W. Riley".

Dr. Van Riley  
Superintendent of Schools
