Jonathan Hernandez

AVID is not only going to help you become a better scholar and student but helps you become better humans. You will never have a class where all of your classmates and your teacher root and motivate you to do your best freshman through senior year. AVID is a family not a class and it will impact positively in your future for whatever you plan on doing.

Sophia Orozco

My favorite memory in our AVID class was the trip to Sac State and being able to get a tour of the campus by students that attend the school.

Ava Simone

AVID opened the door for the endless possibilities of my future. It has been great knowing that you have the power in your corner throughout your high school career.

Jacqueline Chang

AVID is my home and family away from home - I especially liked how we could reconnect with our childhood and continue to host holiday parties and movie days, it took so much of the stress off of school.

Stephanie Chou

AVID has created a space for me to comfortably talk to peers, whether it's about school or the daily musings!

Christopher Shen

Avid has taught me that if I am organized with my time, I can get so much more work done.
