

### SERVING YOU AS A PARTNER IN EDUCATING OUR CHILDREN

Dear Enumclaw and Black Diamond Students, Staff, Parents and Residents,

Please allow me this opportunity to tell you how honored and excited I am to be your Superintendent. The Enumclaw School District is one of the finest school districts in the state, dare I say our nation! Since my initial welcome into the community, I have learned the tradition of excellence that exists here is due to the wonderful people of the communities of Enumclaw and Black Diamond and the work ethic of our students and staff.

I would like to take a moment to tell you a little about myself and my family. First and foremost, I am a husband and father. My wife, Tonya, who is also an educator serving as an elementary mentor, and I have three children, two boys and a girl, ranging in age from 12 to 21-years-old. You may have guessed it; our daughter is our third child, and what a blessing she has been in our lives. Our oldest son is a junior at the University of California, Davis where he plays soccer and is majoring in design. Our second son is a running start senior studying business and graduated this June from his parents' high school alma mater. Our children are the joy of our lives and serve as our "why" we are so committed to public education and leadership in schools.

I have learned that the Enumclaw School District has earned a reputation for academic excellence, and the boundless alternative opportunities offered beyond the classroom setting are exemplary, as they provide enriching learning experiences for students seeking alternatives to traditional pathways. As an educator for more than 25 years, I wholeheartedly value the programs and services in place, and I am committed to building upon past practices to ensure that current and future students have opportunities to explore their interests and find their true passions.

In addition to the robust educational and vocational programs, it was the overwhelming presence of community involvement that drew me to this district. I witnessed a sense of pride as I underwent the interview process and have experienced it firsthand over the past months, as I met with building leaders, teachers, community members, and several students. Each person that I have met has been extremely welcoming and gracious, truly helping me to feel like "I belong here." Please know that it is my intent to make every effort to foster and cultivate this inclusive culture to ensure the continued success of our students, schools, and our communities.

While serving as your superintendent of schools, I plan to be accessible to all stakeholders, to be present and visible throughout the communities of Enumclaw and Black Diamond, and maintain an open-door communication policy. I encourage and welcome any questions; comments or concerns you may have about our schools and can be reached directly at our district offices.

It is a challenging and exciting time for the Enumclaw School District, and I'm looking forward to the year ahead.

Serving you as a partner in educating OUR children,

Dr. Shaun V. Carey  
Enumclaw Superintendent

## Planning for Fall

Planning for Fall has looked a little bit different this Summer, however, our leaders from across the district were able to come together for a 2-day advance to continue their work to develop new strategies for implementing the district's

strategic plan and theory of action in the remote learning model. This group of administrators and specialists have been working harder than ever to plan and provide a platform for quality remote learning for our Enumclaw School District students and teachers.

# Enumclaw School District

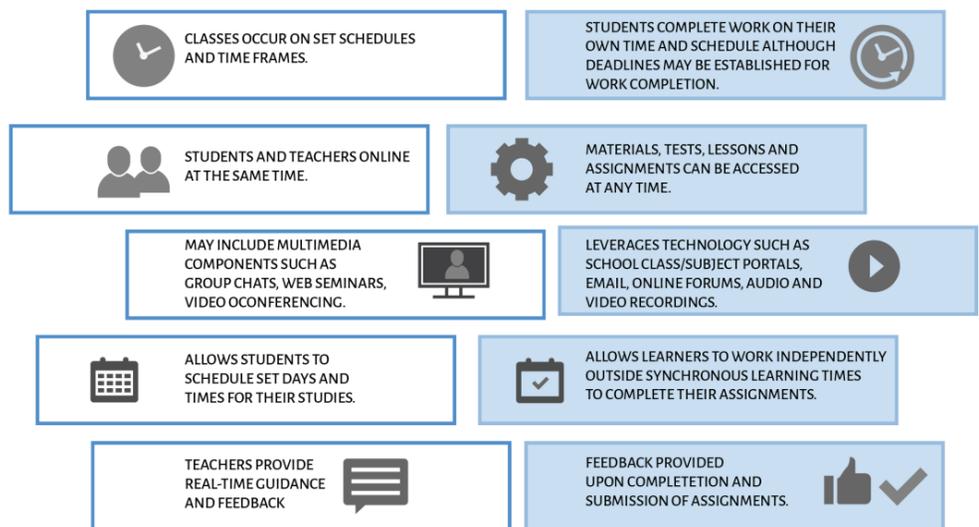

*is preparing for a  
remote online learning start to the school year...*

Based on our survey feedback we have developed a model that provides flexibility and consistency for each family's unique needs. This means our primary means of delivering instruction will be weekly modules with video and audio that will allow families to access learning when it works best for them. Our wonderful staff have been participating in professional development opportunities over the summer to ensure a quality remote learning experience for all students. Learning will include synchronous (online together) and asynchronous (done independently) learning experiences each day. Our staff will use a new common digital learning format to provide a consistent learning experience for all students in Kindergarten through high school.

## SYNCHRONOUS

## ASYNCHRONOUS

For more information on the 2020/2021 school year, please visit our website at: <https://www.enumclaw.wednet.edu/teaching-learning/2020-2021-school-year>

## Chromebooks & Internet

Families and students will be contacted by their schools in the coming weeks with information on Chromebook and Resource pick up at the school buildings. If you are a family with an incoming 6th-grade student, a newly registered student, or a family that responded to our survey with a Chromebook need you will be contacted by your school.

If you have a student with a Chromebook that needs a repair or has a technical issue, our Technology Department is holding office hours: Tuesdays and Thursdays 8-9 am and 2-3 pm.

If you are a family that responded to our internet survey with a need for an internet hotspot, you will be contacted directly by our Technology Department.

If you have a Chromebook/Internet need and you missed our survey opportunity, the surveys in both English and Spanish are linked here on our website: <https://www.enumclaw.wednet.edu/teach.../2020-2021-school-year>

## School Supplies

As we begin the year in a remote learning model, many are unsure of how to best prepare and purchase supplies. Our schools have provided lists of recommended supplies that will be helpful to have on hand for students learning remotely:
