## NEW! SPRING 2021

**For parents and their children 3 & 4 years old**

Join us for our first ever outdoor class in our own NHLC backyard. We look forward to fostering confidence, creativity, and your child's sense-of-self as we launch into outdoor explorations. We will spend our time moving, playing, and investigating our world. Parents and children will explore activities and materials together and then join an active circle time experience. Children will further their explorations with their teacher while parents engage in a parenting discussion (near the children's outdoor classroom). All classes will be held outside, rain or shine, so families should dress accordingly. Childcare for siblings is not available.

**3 & 4 years(age by fall 2020)**

For children born Sept 1, 2015-Aug 31, 2017

**EW-B150**

F Apr 9-June 4 11am-12:30pm
