

# HEALTH PROTOCOLS FOR STUDENTS

This diagram explains our health protocols for individual cases of COVID-19 exposure, symptoms, and diagnosis. We will work in concert with the Florida Department of Health to contact trace and quarantine cases of COVID-19 exposure and diagnosis.

**Please remember, the primary line of defense in limiting exposure to COVID-19 is the daily at-home health screening and temperature check.** Do not bring your child to campus if they have a temperature of 100°F or higher, are medicated to reduce a fever, or exhibit any of the following symptoms: fever, chills, headache, sore throat, nausea or vomiting, shortness of breath or difficulty breathing, cough, or loss of taste or smell.

EXPOSURE, NO SYMPTOMS	DIAGNOSIS, NO SYMPTOMS	SYMPTOMS
<p>Student shares he/she was exposed to someone with COVID-19 within the last 2 weeks, but is NOT symptomatic</p>	<p>Student shares he/she was diagnosed with COVID-19 less than 10 days ago, but is NOT symptomatic</p>	<p>Student is presenting at least one of the following COVID-19 symptoms: fever, chills, shortness of breath or difficulty breathing, cough, or loss of taste or smell</p>
<ul style="list-style-type: none"> <li>• Separate student with a supervised adult wearing a face mask and standing at least 6 feet away</li> <li>• Send student to clinic where student will be supervised by a medical professional</li> <li>• Student should wear a cloth face mask</li> <li>• If student was exposed, diagnosed, or symptomatic, parents will be called, and students must be picked up within 30 minutes</li> <li>• Return to school after 14 days since last close contact and if symptoms do not develop</li> <li>• If symptoms develop, follow guidelines under "Symptoms" section</li> <li>• Participate in Digital Campus remote learning while at home, if possible</li> <li>• Notify local health department and follow their recommendations. The local health department will give guidance at that time if it is necessary to quarantine teacher and entire class.</li> </ul>	<ul style="list-style-type: none"> <li>• Isolate student with a supervised adult wearing a face mask and standing at least 6 feet away</li> <li>• Send student to clinic where student will be supervised by a medical professional</li> <li>• Student should wear a cloth face mask</li> <li>• Clean and disinfect the exposed areas</li> <li>• If student was exposed, diagnosed, or symptomatic, parents will be called, and students must be picked up within 30 minutes</li> <li>• Return to school once it has been 10 days since first positive COVID-19 test, AND if no symptoms develop since positive test</li> <li>• Participate in Digital Campus remote learning while at home, if possible</li> <li>• Notify local health department and follow their recommendations. The local health department will give guidance at that time if it is necessary to quarantine teacher and entire class.</li> </ul>	<ul style="list-style-type: none"> <li>• Isolate student with a supervised adult wearing face mask and standing at least 6 feet away</li> <li>• Send student to clinic where student will be supervised by a medical professional</li> <li>• Student should wear a cloth face mask</li> <li>• Clean and disinfect the exposed areas</li> <li>• Provide supportive medical care if needed</li> <li>• If student was exposed, diagnosed, or symptomatic, parents will be called, and students must be picked up within 30 minutes</li> <li>• If student is diagnosed with COVID-19 based on a test, their symptoms, or does not get a COVID-19 test but has had symptoms, they can return to school when:             <ol style="list-style-type: none"> <li>1. At least 10 days have passed since first symptoms appeared AND</li> <li>2. At least 24 hours have passed since recovery as defined by the resolution of fever without fever-reducing medication AND</li> <li>3. Symptoms have improved</li> </ol> </li> <li>• If student has a negative COVID-19 test, they can return to school once there is no fever without the use of fever-reducing medication, and they have felt well for 24 hours</li> <li>• Participate in Digital Campus remote learning while at home, if possible</li> <li>• Notify local health department and follow their recommendations. The local health department will give guidance at that time if it is necessary to quarantine teacher and entire class.</li> </ul>

If you have any questions about this health protocol, please contact the school's Health Services Coordinator, Marissa Johansen, at [mjohansen@lhps.org](mailto:mjohansen@lhps.org) or 407-206-1900 ext. 1234.
