

## Facility Rental Rate Increases

Fee increases are part of Eastern Carver County Schools cost containment plan due to the failed referendum in November 2019. Rate increases were researched and are comparable to surrounding school districts.

Eastern Carver County School Board approved the new rates in January 2021. The rates below are part of a 2 year rate increase. Rate increases will be effective July 1, 2021 and then again July 1, 2022.

### Personnel Rate Increases for Facility Rentals (rates are on an hourly basis)
