3. If you used your social security number to login you will be required to choose and confirm a new Username. If you previously established a Username you will only need to confirm your Username. You may choose a new one if you wish but it is not required.

4. All users are required on initial login to the new system to choose a new password. It must contain between 8 and 20 characters, one number, one upper and one lower case letter, one special character and no spaces.

5. In the event you forget your password you can reset it by answering a Password Hint Question from the login page. You are required to choose and answer three different questions from the preselected list. Answer them honestly so you will be able to easily recall the correct response later.
