PHARMACY TECHNICIAN

ABOUT

The Pharmacy Technician program is designed to prepare students for employment in various pharmacy settings. Pharmacy technicians assist pharmacists in preparing and providing medications to patients. Students will learn how to mix intravenous medications, count tablets, receive and interpret prescriptions, etc. Students will complete an 180 hour externship in preparation for the national and state pharmacy technician license.

JOB MARKET

Healthcare employment is projected to grow 18 percent from 2016 to 2026

REQUIREMENTS

Year-long class for Seniors. Medical Terminology is a prerequisite for this course.

LOCATIONS

High school students have access to take Pharmacy Technician at DSD Catalyst
