CYBERSECURITY

ABOUT

The Cybersecurity courses will provide a comprehensive view of cybersecurity across an organization. Students will learn how to use features of modern operating systems to enhance an organization's security, understand inherent weakness in wireless and wired networks, and be better equipped to protect employer's and your own information.

CAREER PATHWAYS

Security Consultant
Database Administrator
Network Engineer

REQUIREMENTS

Semester course for
Sophomores, Juniors
and Seniors

LOCATIONS

All high schools have
access to take
Cybersecurity
