8 February 2021

Dear Parents / Carers

Tuesday 9th February is [Safer Internet Day 2021](https://www.saferinternet.org.uk), a day celebrated across the globe in over 170 countries, with thousands of children joining in across the UK. It's a day when we celebrate all the great things about being online and remind ourselves how we can stay safe.

As a school we teach the children about staying safe online. This week some of the activities your child is set will involve how and why we use the internet, as well as how and why we need to stay safe when using it.

Please take the time to look at the website and resources for parents.

<https://www.saferinternet.org.uk/advice-centre/parents-and-carers>

This is also a good time to discuss rules for online safety at home and look at family settings on devices. See below the SMART rules to go through with your child.

Many thanks

Mrs Jennifer Scott
(ICT coordinator)

Bronze level accreditation 2019

SMART Rules!

- S** **Safe:** Keep safe by being careful not to give out personal information when you're chatting or posting online. Personal information includes your email address, phone number and password.
- M** **Meet:** Meeting someone you have only been in touch with online can be dangerous. Only do so with your parents' or carers' permission and even then only when they can be present. Remember online friends are still strangers even if you have been talking to them for a long time.
- A** **Accepting:** Accepting emails, messages, or opening files, images or links from people you don't know or trust can lead to problems — they may contain viruses or nasty messages!
- R** **Reliable:** Someone online might be about who they are and information on the internet may not be true. Always check information by
- T** **Tell:** Tell a parent, carer or a trusted adult if someone, or something, makes you feel uncomfortable or worried, or if you or someone you know is being bullied online.
