- Wise Choices:** please select your classes carefully after discussing with parents, teachers and guidance counselors. You will not be able to change classes next year if you are overwhelmed with your workload (for example dropping from APUSH to college prep US History). We build our schedule based on your requests. Many classes are filled to capacity before school starts and there is often no room to change levels.
- Students can earn **PE credit** for participating in a sport. **Choose PE Athletics (2590)** as your PE. **Students MUST compete and complete the entire season to earn credit.**
- Students who request an AP class must read and review the AP/Honors agreement and should have attended the AP Informational meetings.
- Students may request 6 classes.
- Students can request a 7th class, but we do not guarantee all 7th class requests can be fulfilled. Students will be placed in a 7th class on a space-available basis. Historically, very few 7th class requests can be accommodated.
- Students must provide **3 optional class choices**. If an elective choice requested by a student is full, the student must provide optional elective classes. If options are not provided, the student may not be given the number of classes they requested.
- Students may select only one course per subject area in their first six requests.**
- Students **can earn up to 85 credits** a year if the credits beyond 70 are earned by participating in Fremont athletics.
- Outside Summer School to advance:** Students who want to ADVANCE a level in math or science by taking a summer school class for credit at a school that is OUTSIDE of Fremont, MUST get approval by submitting a Request for Credit from an Outside Institution by **May 1, 2021**
