

Use this sheet to plan your course requests. You will enter your course requests on the High School Registration website.

HENNEPIN TECHNICAL COLLEGE

Eligible juniors or seniors interested in participating in the HTC program must (1) be on track for graduation and (2) submit a completed application to the counseling office. Students can earn a maximum of 2 credits per course each semester for this experience. Transportation is provided. Students must earn a C or better in their HTC classes to remain enrolled.

▶ ▶ Interested students should meet with their counselor. ◀ ◀

PSEO

PSEO is a program that allows students to enroll in college courses at eligible colleges and universities. Students earn both college and high school credit by successfully completing the course(s). Most PSEO courses are offered on the college or university campus, although some are online. Each participating college or university sets its own admissions requirements for enrollment into the PSEO courses. Juniors and seniors may take PSEO courses on a full- or part-time basis. Students who plan to apply to a PSEO program should still register for a full course load at Richfield High School and then make adjustments after PSEO registration is finalized.
