Sylvia's Report

Sylvia Fisher Jutila

Fellow Classmates,

I'm glad to see 2020 in my rear view mirror, 2021 is off and running. I look for better days ahead for all of us. Back in November, in conjunction with the Thanksgiving Holiday, I discussed the beautiful word "Gratitude" with you. I'd like to repeat a quote I used, "Gratitude opens up your heart and your mind allowing you to reflect on the good that has happened to you which in turn makes you happy and drives contentment in your life" ---Bola Onada Sokunbi It seems like every article, book, newspaper I read, the word "Gratitude" appears. It is time again to reflect on the important role "Gratitude" can play in helping us maintain a positive outlook. An attitude of gratitude can improve our moods, overall health and enhance long-term happiness. ★ **Gratitude-----**

- * Makes us happier
- * Improves self- esteem
- * Draws people to us
- * Cultivates optimism
- * Increases mindfulness of others
- * Reduces focus on materialism
- * Helps reduce depression
- * Can help lower blood pressure
- * Helps us sleep better
- * Aids in recovery
- * Helps improve quality of life
- * Brings calm

Practicing gratitude can help improve physical health, balance emotions and improve relationships. Please take advantage of the healing powers of gratitude every day. I feel sorrow when one of our Classmates departs for the other side. But, I have to remember gratitude and be thankful for all the wonderful years we have spent together. I've done everything in my power to stop this from happening, but I need your help to stay healthy as possible and celebrate each passing year with us, we still have a lot of good years ahead of us.

Now comes the hard time for me, it is with deep sorrow that I have to announce the passing of five of our Classmates,

- * **"Calvin E. Smoot"**
- * **"Alice Jane Hayes Trejo"**
- * **"Patsy (Pat) Mower Rawlins"**
- * **"Wendell T. Winegar"**
- * **"Mary Sessions Jensen"**

--- OUCH---

Our thoughts, prayers and love go out to the Smoot, Hayes Trejo, Mower Rawlins, Winegar and Sessions Jensen families, bless them with strength and good health during these troubled times.

Calvin E. Smoot

(Sylvia's Report Cont. From Page 2)

Calvin E Smoot, our beloved husband, father, grandfather, and great-grandfather passed away on December 25, 2020 at the age of 82 in Farmington, UT. He was known to many for his dedication of service in the church as Stake President, Mission President, Patriarch, Bishop and in many other callings especially in the Farmington, UT area and was an example of leadership,

love, obedience and hard work to all he came in contact with. "Grandpa" was a fun loving personality and left a strong and impressionable legacy for his posterity; one of faith, commitment and dedication to the Savior Jesus Christ. He led by example and was always thinking of others before himself. This was never more evident than his commitment to always support family members at baptisms, blessings, performances, and graduations – near or far – Grandpa was always there to provide unconditional love and support. Grandpa was always in the congregation, the bleachers or in the crowd as our biggest supporter. He was always the first one after the event to give a huge hug or high-five and a job well done to us. Whether it was spiritual or recreational he always cared and supported all his children and grandchildren.

Calvin was born on June 1, 1938, in Salt Lake City to Edgar Stubbs Smoot and Dora Millard of Centerville, UT. Calvin learned how to work hard at a very young age while raising cattle on the Smoot Family Dairy Farm. He spent much of his childhood showing Jersey cattle all over the Western United States and became an expert showman. His hard work and dedication was a tremendous preparation for the service he would render throughout his life. Calvin graduated from Davis High School in 1956 and received a scholarship to attend Utah State University by the Utah Dairy Association. He joined the Sigma Alpha Epsilon fraternity where he developed lifelong friends. He was active in the ROTC and went on to serve as a Lieutenant in the United States Army.

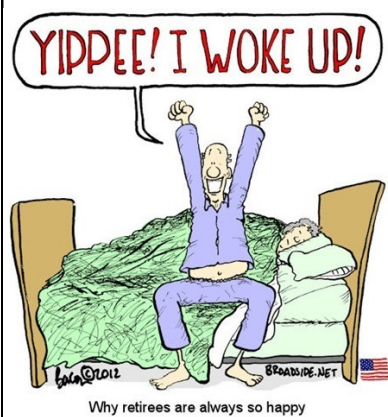

After attending USU for 2 years, Calvin served a full-time mission to the British Isles. He saw many conversions of dear people who became strong leaders in the church. He truly loved the British people and fellow companions who also became lifelong friends. His missionary spirit never diminished. He loved to share and defend his faith wherever he went – on the golf course, on a flight or in a neighborhood. He was grateful for the foundation his mission provided him for the remainder of his life. On completion of his mission, he transferred to the University of Utah where he met his sweetheart Jone Hortin of Murray, UT. They were later married while attending school in March of 1962 in the Salt Lake City Temple. Calvin graduated with his bachelor's degree in 1963 and master's degree in Business Administration in 1964. A year later, Cal and Jone would move from Utah to serve full time in the 4th Infantry Division of the United State Army for 2 years at Fort Lewis, Washington. He loved his country and his service. His life was centered on Jone and he cherished every step of life with her. They shared wonderful experiences and adventures together, including cherished memories at Bear Lake; they also traveled the world together in service to others and his country and he loved her with everything he had. Even at the end of his journey with us, one of his last requests was "take care of Mom". He always wanted the very best for Jone and her happiness was his priority.

WHOA --- TIME OUT --- Fellow DHS Class of 1956 Classmates. I designed this Class Newsletter to keep each other updated on good things going on in our lives after DHS (1956 - present). When I have to put "5" obituaries in one edition, that does not leave any room for Classmate articles/pictures on "Life After DHS." Please, we have many good years still on our mileage charts. Remember, "The Lord helps those that help themselves" and "An ounce of prevention is worth a pound of cure." Our bodies are like our cars and trucks, we have to do preventative maintenance on both of them to keep them running. First priority is to have a good attitude about living. Second priority is to take care of our bodies, we know them better than anyone. You know when something is not right, fix it now. Take charge----

Some people are old at 18 and some are young at 90 --- time is a concept that humans created.

Today is the oldest you've ever been, yet the youngest you'll ever be so - Enjoy this day and life to the fullest.

I hope it doesn't become necessary to have Sylvia make house calls on every Classmate to ensure they are keeping active, getting a good nights sleep (7-8 hours), eating healthy well-balanced meals that are good for our mind and bodies and focusing on self-care, creating healthy routines.

Since I'm a "visionary" person, I have prepared a master schedule of our Annual Class Luncheons through our "**Centenarian**" Annual Luncheon in 2038. I have made reservations for all of you, please don't make me make any cancellations.

Recent research shows that individuals who regularly count their blessings actually rewire their brains for more happiness. Change those spark plugs and keep on truckin!!!
 Enjoy life and live every day with good health, happiness and joy. **Colorado Ed**

Calvin E. Smoot/Alice Jane Hayes Trejo

(Sylvia's Report Cont. From Page 3)

Calvin while attending school, working hard and serving in the church, became a father to Mark, Rob, Angela, Holly and Natalie – his children, whom he loved with all his heart and earnestly taught the gospel to throughout his life. He had a unique and special bond with his Down syndrome daughter Angela. In 1971, Calvin was called as Bishop of the Farmington 2nd Ward and tenderly served for 7 years. In 1978 Calvin served as Mission President in the Louisville, Kentucky Mission for 3 years and reminisced often of the tender experiences he had serving the people of Kentucky. He was an outstanding leader and highly influential in the lives of his missionaries. Soon after returning from Kentucky, he was called as Stake President of the Farmington South Stake in 1982. In 1995, Cal and Jone moved to North Salt Lake where they would reside for 10 years. He served as Patriarch for the North Salt Lake Stake for 3 years. Calvin and Jone would later serve a church assignment to New Zealand/Pacific Islands from 2006 to 2007. Calvin gave 27 years of service as an employee of The Church of Jesus Christ of Latter-day Saints. He was grateful for the many uplifting experiences he often had daily with the leaders of the church. He worked in the welfare department, finance, personnel and finished his career as Director of the Travel and Purchasing Departments. He worked with many dedicated and loyal employees. Cal loved the world of sports. As a newlywed he played in softball leagues, got into racquetball and was a great spectator of local teams. Cal and Jone both loved the game of golf. Cal was invited to play in many tournaments and played on beautiful courses throughout the United States.

Calvin was preceded in death by his brothers Harold Edgar Smoot and Stanley Millard Smoot, and parents Edgar and Doris Smoot. He is survived by his beloved wife Jone Hortin Smoot, and his 5 children: Mark (Christine) Smoot, Robert (Michelle) Smoot, Angie Smoot, Holly (Paul) Gilmour, Natalie (Todd) Stevens, his 17 Grandchildren and 11 Great Grandchildren. Also his siblings Carolyn (Richard) Francis, and Doriene (Jim) Knight. Funeral services were held on January 7th for the immediate family.

Will Rogers comments about growing older---

- * I don't know how I got over the hill without getting to the top.
- * Being young is beautiful, but being old is comfortable.
- * You know you are getting older when everything either dries up or leaks.

Mary Sessions Jensen

Our beloved Mary Sessions Jensen, age 83, passed from this world on Sunday, January 24, 2021, in Rexburg, ID, surrounded by her children. She was born in Syracuse, UT on Christmas Eve of 1937, the 9th child of Elmer and May Sessions. She was a spunky vibrant child and self-proclaimed

tomboy who could run faster, hit harder, and jump higher, but also charm the hearts of everyone she met. She married a fellow Davis High Classmate, Walter Barton in 1956 and began the most important part of her life's work, rearing 9 children. A major part of raising her children was teaching them to work alongside her on their dairy farm for 18 years followed by a move to a cattle ranch in Idaho for 10 years. Mary and Walter divorced in 1985.

Marrying Harley Jensen in 1991 began a new chapter for her as she embraced a lifelong dream of owning a health food store. She loved spending time serving as a temple worker (28 years), visiting her 73 grandchildren and 58 great grandchildren, traveling the world (she has been to all seven continents), but mostly helping others find health and happiness.

Mary loved her Heavenly Father and Savior and showed that love every day of her life as a mother and grandmother, not only to her own children, but to countless others. Grandma Mary was always someone to think of others before herself and will be remembered for the selfless love and compassion she continually showed to everyone around her. Her husband Harley preceded her in death.
