“My 2020
Thanksgiving”

Made by Hayes Darrohn
Teacher Mrs. Bailey

The name of this is Run Away Turkey

Once there was a turkey that lived on a farm and there was a virus that was named Covid. It was Thanksgiving and he knew that when it is thanksgiving people eat turkey. He knew he had to get out of there. So he ran to the chicken and yelled, "You have to help me chicken. The humans are going to eat me." The chicken said, "I can not help you, go ask the cow." Then he ran over to the cow and yelled, "you have to help me please!" Cow said, "I can not help you go ask sheep." He ran to sheep. He yelled, "sheep you have to help me!" Sheep said, "I can not help go ask fox." Fox said, "I would rather eat you." The turkey was confused! Then the fox saw a person and ran away. The person saw the turkey and the turkey was scared. The person said, "we are going to have turkey for dinner." Then the turkey ran to the pond and jumped in and said, "I need to look like a duck." The person had covid and could not chase the turkey.

Then a boy that was 7 came out and saw the turkey that was trying to hide. The boy got on the boat and drove it over. Turkey swam to the chicken and said, "they are on the chase for me!" And that chicken said, "take some of my feathers and try to act like a chicken." So that's what he did. When the boy looked in where the chickens stayed turkey was right in front of that boy's face and the turkey kicked the boy right in the nose. The turkey ran to the cow he said, "they are on the chase for me!" The cow said Hide in the barn. So the turkey hid in the barn. The boy came into the barn. He found the turkey. The turkey kicked him in the nose again. The turkey ran to the sheep. Turkey said to the sheep, "the boy is on the chase for me!" The sheep said, "hide anywhere you want to." So the turkey hid but the boy came and found him once again. The boy knew the turkey would try to kick him again. But that turkey knew what to do so he told sheep to run at the boy. And that is what sheep did. And why turkey had the chance to run. He ran as fast as he could into the woods. And he was hiding there the rest of Thanksgiving. When it was Christmas they went to chop down a tree and there the turkey was. THE END!

I have a lot of traditions one of my favorites is going to the Zoo in the morning and Cracker Barrel at Night. Two of my favorite foods are Apple cobbler and Thanks Giving Turkey on Thanks Giving. I have gone to a lot of places one place is my Aunt Tina's house. The second one is having it at our house. All my Aunts, uncles and cousins came to celebrate together. We ate dinner, play games, and watch football.

This year for Thanks Giving we are planning to go to my Aunt Tina's house. My Aunt Brenda might drive up from California. We not be able to go to my Aunt Tina's house if they are still are sick, they just got covid-19. It may just be at our house with just our family.

That's my Thanks giving 2020 tradition.

My 2020 Thanksgiving

My 2020 Thanksgiving will

probably go like this...

We will eat breakfast while

watching last year's Thanksgiving

parade. We will have a nice,

yummy feast-like dinner. We will

talk about what we are thankful

for. We will have ham at dinner. I

will do pawprints. We could have

half of the family be pilgrims and
the other half be Wampanoags
and pretend to sail to America and
have the first Thanksgiving. I will
probably write about how
Thanksgiving goes. I hope my 2020
Thanksgiving is similar and fun in
the pandemic.

Thanksgiving of 2020

The Jeff chronicles

By Claire Palmer 5th grade Mrs. A Johanson

Hello as all of you know I am Jeff the turkey, I have been through a lot. But sadly, last year I was poisoned. But today is Day of the Dead Turkey, also known as Thanksgiving to some people. So, I get to go back down to Earth and live for a day. I am going to say hi to my family and then get down to business. I need to get revenge on those hunters who poisoned me [slightly evil laughter]. Jeff turned to Bob, his best friend.

"So, when do we go down?" Jeff asked bob who was standing next to him.

"Oh, you'll see," Bob aid with an evil smile.

All the sudden the cloud they were standing on plummeted to the ground at a million miles an hour.

"AHHHHHHHHH!" Jeff screamed.

He landed into the field of turkeys where he used to live. He saw his family and tried to sneak past them but unfortunately, they noticed him.

"Jeff!!" his mom yelled

"Hi mom" he said awkwardly.

Something felt different, where was everybody.

"So, what's changed since I left?" Jeff asked.

"Well, there has been a worldwide pandemic, ooh and I got a new hat that has a flower on it." his mom said.

"Wow, wow back up. Worldwide pandemic, what's that?"

"Oh, is no big deal just a bug. Its only killed a couple million people, a day. Back to the hat..."

"When did this start?" Jeff asked.

"Actually, the day after you died, weird huh." his mom said.

"What's it called?" I asked

"COVID 19/ Corona virus/ Corona/ The rona" his mom said

"Do you think I caused it?" Jeff asked with concern in his eyes."

"Probably," his mom said, "Your responsible for most of the world's problems."

She wasn't exactly wrong. He did cause a lot of problems and get into a lot of trouble. Jeff silently slipped away from the conversation, he needed to get revenge on those hunters, and see how he caused covid and stop it from spreading any longer. He went to the local turkey/human hospital and got a test to see if he even had it, he did. But now he knew how to get revenge on those hunters, Give them covid. He walked to the path where he was poisoned and saw that they were chopping wood they were standing and their backs were facing him, best time to strike. He jumped in the air and bite them and spit and coughed all over them.

"MWAHAHA" Jeff laughed and ran in the woods.

It turns out that the hunters already had covid. The hospital kicked them out, that's why they were chopping firewood, they had nowhere to go.

*And they all lived happily ever after
[for now].*

The Bob Chronicles

Hi I am bob, long story short, I died and am writing this from heaven with my best friend Jeff. Today is day of the dead turkey, AKA thanksgiving. Today is the day we can go down say hi to family, take a walk, and get REVENGE on those hunters!! "So, when do we get to go down to Earth?" Jeff asked. "You'll see." I said with an evil smile. Suddenly the cloud below us fell to the ground at a million miles an hour, I brought a parachute, Jeff just fell! I went to go find my mom. "So, what's been going on around here?" I asked. She said, "Oh, not much there a worldwide pandemic, oh I went shopping with Jeff's mom and got a hat! It has a bumblebee on it!" "Oh, so not much." I said. So I looked over and it seemed like Jeff was already getting revenge on hunters, so I just went shopping with my mom! I got some socks! They have bumblebees on them!!

This year my thanksgiving traditions are different.

My family tradition is to spend time with my friends and family.

On thanksgiving my favorite food is the mashed potatoes, the turkey, the gravy, the corn, and my mommy's stuffing!

The reason I like all these foods is it reminds me off family and family time and the tradition to have it.

Some off the places we go to on thanksgiving is usually my grandmas but this year I am going to my dads.

For my Thanksgiving tradition I go to my grandmas house or my great grandmas house. My aunts, uncles, cousins, my moms aunts, uncles, my grandma, grandpa, and great grandma are all there! I like little 3d candy turkeys my grandma makes or buys if go to her house. I go to my great grandma or grandmas house. I switch off every year. I year I go to my grandmas house, the next year I go to my grandmas house. Covid effected my Thanksgiving tradition by maybe not seeing my great grandma, because she is

77. She also has diabetes. But she acts like she is in her 20's or 30's. We don't want to get her sick! Now that's an

amazing thanksgiving! (not ruined!)

My Thanksgiving

By:Ruby Heath

My 2020 Thanksgiving is different from last years. My thanksgiving traditions are that we go to my grandmas. The next year we go to my other grandmas and it keeps going like that. We eat turkey, mashed potatoes with gravy, pie, stuffing, and sometimes chicken. We also have sweet potatoes and marshmallows but with Covid I think we aren't going to do all that stuff. Because we don't know what we're doing yet. I think we might do it with our small family or we are just going to have it with our grandma and grandpas. That is how my 2020 Thanksgiving is different.

My family Thanksgiving

By: Bridger Hart

4th Grade

I have lots of thanksgiving traditions. We start out with having thanksgiving dinner at our house. Then we go to Fish Haven canyon and get a Christmas tree to set up. I drive home with my aunts and we go to the Christmas lights. We eat homemade mashed potatoes and gravy. We also eat A big turkey and some pies. We eat corn on the cob with our big feast. My favorite food in our big feast is the turkey and the mashed potatoes. For Thanksgiving we celebrate it in our house and in Bear Lake. Covid has not changed our thanksgiving plans.
