School Nutrition Update

It is still important to apply for Free and Reduced Meals!

Although meals are currently being provided for all students for this school year, it is still important for families to apply for Free and Reduced Price Meals, if they believe they may qualify. If your family chooses to apply, please complete a "[Free and Reduced Meal Price Application Form](#)." The forms can be obtained and returned (completed) to any school office. You will be notified by mail of your child's status. Please only complete one application per family. The information you give will be used to determine or prove your child's eligibility for free or reduced-priced meals. It is important that families apply to ensure continued funding to support the entire district.
