Dear Parent and Student,

The Jasper High School summer program is nearing the registration time. The attendance policy for summer physical education needs to be understood and followed. In physical education you may miss two classes. You need to realize that summer school is an option and that it is not for everyone. If these times do not work out for you, please **do not** sign up.

Summer Physical Education is a credit earning course counting in a student's G. P. A.
This needs to be understood and summer school needs to be a priority. If not please do not register.

The cost of summer P.E. is $25.00. Please make checks payable to Jasper High School.

For planning purposes, the signup deadline for summer PE is **March 19**.

If you have any questions please call my office at 482-6050.

Sincerely,

Brian Wilson
