February 10, 2021

Dear Families & Staff:

Today we are reporting two positive cases of COVID-19 at Deans Mill School and a “presumed positive” case at Stonington Middle School. Presumed positive cases are based upon an existence of COVID-19 symptoms and being a close contact of a confirmed positive case. In all three cases, the individuals were already quarantining at home due to being identified as close contacts. Therefore it was not necessary for the school district to conduct contact tracing.

As a reminder, anyone who is deemed a close contact of a positive case of COVID-19 is required to quarantine. ***For information about quarantining and school health practices related to COVID-19, please visit the special red banner section located at the top of the homepage of our website at <https://www.stoningtonschools.org/>.***

Please remember to complete a self-assessment of COVID-19 related symptoms each morning prior to reporting to school. We appreciate your cooperation as we continue to strive to keep our schools open and safe.

Sincerely,

Dr. Van Riley  
Superintendent of Schools
