

# Carmel Education FOUNDATION

Investing in students since 1966

The Carmel Education Foundation (CEF) is the 501c3 non-profit partner of Carmel Clay Schools (CCS). We support students in lifelong learning by partnering with our community to fund grants and scholarships. Annual events such as the CEF Musical Showcase, Ghosts and Goblins 5k/2k Race, and Community Scholarship Night engage students, families, and local businesses as education champions.

## Grants

CEF raises funds to provide classroom and school-wide grants that inspire creativity and innovation in both teaching and learning. Grant funds often enrich classrooms with educational materials that are not otherwise available through district resources.

## Scholarships

Annually, CEF awards more than 100 scholarships recognizing Carmel High School seniors for their philanthropy, community or club engagement, or academic success. Scholarships are funded by donations to CEF, individuals, families, clubs, or organizations and are for the pursuit of higher learning.

## Board of Directors

The Carmel Education Foundation's Board of Directors represent a range of industries and businesses that recognize the value of public education and the significant role that Carmel Clay Schools has in both the public and private sectors within the city of Carmel. With over 16,000 students, and more than 1,000,000 alumni, Carmel Clay students and families are a key part of our community.

**Make an impact in Carmel schools!**
