Dear Gull Lake Families,

This week we are looking at the scholarship opportunities that are made available through both the GLCS Fine Arts Foundation and the GLCS Foundation. Each foundation designates generous community contributions toward various categories that build up unique experiences for our students. A significant portion of funds are channeled into life-changing scholarships each year.

This month, scholarship applications for both foundations are due by February 26<sup>th</sup>. Now is a good time to go to the District website and click on the “Community” tab for links to each foundation website.

Many thanks to our community volunteers and donors who sustain and grow the reach of our GLCS Fine Arts Foundation and GLCS Foundation each year! Your time, effort and resources make our community and world a better place.

The District highlight for this week is our return to the MHSAA Winter Sports season! We are taking extra precautions so that our student athletes can safely participate in activities that support their health and well-being. The Kalamazoo Health and Community Services Department has generously donated the rapid test kits that athletes will use to monitor their health status throughout the season. We wish our teams, coaching staff and families the best of success!

Have a great weekend and GO GULL LAKE!
