Floral Design Course Description

Throughout this course, students will demonstrate an understanding of the principles and elements of floral design. Students will prepare flowers and plants for floral arrangements. In addition, this course is designed to develop students' ability to identify and demonstrate the principles and techniques related to floral design as well as develop an understanding of the management of floral. It will also give students a hands-on opportunity to use their own creativity and artistic abilities in preparing their principles and elements of design. In addition, students will become more familiar with the different aspects in the floral design industry.

Industry Certification/Licensure

- ❖ Texas State Florists' Association Knowledge Based, Level 1 and Level 2 Floral Certifications

Student Club/Organization

Weslaco East High School FFA is a student organization for those interested in agriculture and leadership. It is one of the three components of agricultural education. The official name of the organization is the National FFA Organization. The letters “FFA” stand for Future Farmers of America.
