Health Science Sequence Endorsement

Therapeutic Careers:

- 9th Principles of Health Science
- 10th Health Science Theory
- 11th Practicum in Health
Science(Clinicals)

OR Medical Terminology OR
Anatomy and Physiology

- 12th Practicum in Health Science -

Certified Nursing Assistant

Course Description

- **Practicum in Health Science**
 - The Practicum in Health Science course is designed to give students practical application of previously studied knowledge and skills. Practicum experiences can occur in a variety of locations appropriate to the nature and level of experience.
 - This course prepares and qualifies students to sit for the Nurse Aide Examination.
 - **Prerequisites: Health Science Theory & Biology**

Industry Certification/Licensure Certified Nursing Assistant

- Students must complete the required program hours and successfully pass the course.
- Students that meet this criteria will take the certification exam at the end of the second semester.
- The Certified Nurse Aide (CNA) Competency Evaluation Program (Nurse Aide Examination) consists of a Clinical Skills Test and a Written/Oral Test. You must pass both tests to become a CNA.
- A Certified Nurse Aide assists patients with:
 - ADL's (feeding, hygiene & grooming)
 - Assists nurse with care of residents/patients
 - Measures and records Vital Signs
- ***Students must meet externship site requirements, which may include background checks.***

Student Club/Organization

HOSA

- HOSA is an international student organization recognized by the U.S. Department of Education and the Health Science Education (HSE) Division of ACTE.
- HOSA provides a unique program of leadership development, motivation, and recognition exclusively for secondary, postsecondary, adult, and collegiate students enrolled in health science education and biomedical science programs or have interests in pursuing careers in health professions. HOSA is 100% health care!
