

February 15, 2021

Dear Way Elementary School Families and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2019-20 educational progress for Way Elementary. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Lester Sharon, Way Elementary Principal at lsharon@bloomfield.org for assistance.

The AER is available for you to review electronically by visiting the following web site <https://goo.gl/V9WoXY>, or you may review a copy in the main office.

For the 2019-20 school year, schools were identified using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has a student subgroup performing at the same level as the lowest 5% of all schools in the state. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state or has a graduation rate at or below 67%. Some schools are not identified with any of these labels. In these cases, no label is given.

Our school has not been given one of these labels.

In 2012-13, the District adopted the NWEA Math (K-9) and Reading (K-9) assessment. Below are Spring 2019 mean RIT (Rasch UNIT) scores compared to 2018 national norm RIT scores. 2020 data is comprised of multiple sources of available data used to triangulate and assess students' needs during the global pandemic, during which instruction and assessment took various forms:

NWEA Math	Kindergarten	1st Grade	2nd Grade	3rd Grade	4th Grade
Extended COVID-19 Learning Plan report	Extended COVID-19 Learning Plan				
Way Spring 2019 Mean	165.6	193.1	197.8	210.4	220.6
National Spring Mean	159.1	180.8	192.1	203.4	213.5

NWEA Reading	Kindergarten	1st Grade	2nd Grade	3rd Grade	4th Grade
Extended COVID-19 Learning Plan report	Extended COVID-19 Learning Plan				
Way Spring 2019 Mean	163.5	185.4	195.3	206.5	211
National Spring Mean	158.1	177.5	188.7	198.6	205.9
NWEA Language Usage	Kindergarten	1st Grade	2nd Grade	3rd Grade	4th Grade
Extended COVID-19 Learning Plan report	Extended COVID-19 Learning Plan				
Way Spring 2019 Mean	N/A	N/A	196.7	206.3	211
National Spring Mean	N/A	N/A	189.7	200	206.7

- In regards to the NWEA language usage data for 2019-2020, there is no spring assessment data for 2020 as school moved into a remote setting due to the COVID-19 school closure.

Although proud of assessment results, the staff at Way does not rest on their laurels. As we deepen our understanding of what a true culture of thinking can be as a staff, the students reap the benefits in the classroom. When student thinking is made visible in the classroom it enables teachers to more accurately assess students' understanding. Making thinking visible in the classroom also gives voice to those who previously believed they lacked one.

Our primary challenge remains meeting the needs of our diverse population of thinkers. Steps taken to accomplish differentiated instruction include the workshop model in reading, writing and mathematics coupled with a myriad of interventions in fostering the development of the whole child.

State law requires that we also report additional information:

- Bloomfield Hills Schools assigns students to specific schools according to geographic boundaries and student residence. The district also has a space-available open enrollment transfer process for in-district students who wish to attend schools other than their assigned school.
- Way's School Improvement Plan is an ongoing effort to align our instructional efforts with student needs. Our goals for the next 3-5 years revolve around reading, writing, and mathematics instruction as well as developing culturally competent

classrooms. The use of Thinking Routines is our primary strategy for addressing our goals. Progress toward the goals is monitored and goals are adjusted yearly.

- All BHS schools follow the Common Core State Standards as adopted by the Michigan Department of Education, available for viewing at <http://www.michigan.gov/mde>. District instructional administrators coordinate the efforts of K-12 subject area curriculum committees to review, evaluate, develop and write curriculum and assessments. This ongoing process includes research, analysis of current practice, selection of appropriate resources, and implementation. These same curriculum committees also meet to assure that there is alignment both across the grade levels and between the grade levels. This is called horizontal and vertical articulation. Horizontal alignment assures that all students have access to the same curriculum regardless of which Bloomfield Hills' school they attend or teacher they are assigned. Vertical articulation addresses the transition between one grade or subject level to the next.
- Parent-Teacher conferences are well attended at Way. In 2019-20 98% of our 417 students were represented by parents during our fall and winter conferences. In 2018-19 97% of our 408 students were represented by parents during our fall and winter parent-teacher conferences.

Just as there's a difference between a house and a home, there's a difference between a school and a community. The difference is the people in the building, and that is ultimately the answer to the original question. Why Way? Because of its dedicated and caring staff of educators, front-office personnel, and custodians, to a supportive PTO and a collection of volunteers. That's Why Way!

Come experience Way for yourself. This is where your child's story begins.

Sincerely,

Lestor Sharon
Principal Way Elementary
