January 13, 2021

Dear Incoming Kindergarten Families,

The administration, faculty, and staff of Fairfield Public Schools are excited to welcome our incoming 2021-2022 kindergarten students. Please see below for important information regarding the registration process.

Registration will take place at our Central Offices, located at 501 Kings Highway East, Suite 201 beginning on January 19, 2021. Appointments are typically twenty minutes and begin at 9:00 A.M. and end at 12:30 P.M. You may reserve your appointment by clicking on the following link (<https://signup.com/go/bfqUpRE>) and selecting a date and time that accommodates your family's schedule. If you do not have access to reserve your appointment electronically, please call 203-255-8242 to reserve your appointment.

Prior to your meeting, you must log-on to www.fairfieldschools.org and click *Student Registration* and complete the following steps:

- Do you want to register your child for “Pre-School” or “K-12”? – **select Kindergarten**
- Have you pre-registered?
 - Select *No* if you have never gone into the system and registered.
 - Select *Yes, I have pre-registered* if you have previously entered information and need to add or change any information.
- Follow the remaining prompts which will ask for your family's information.

On the date of your appointment, we ask that you bring the following documentation to facilitate the registration process:

- Your child's original birth certificate or passport
- A mortgage statement, deed, property tax bill, or complete lease agreement
- Two utility bills – Aquarion, UI, SCG, or Cable
- Your driver's license, state identification, or passport
- Your car registration

At the end of your appointment, you will be given a *Kindergarten Articulation Form*. This form can also be downloaded from our website. We ask that you send this form to your preschool or nursery school to be completed and returned to the elementary school that your child will attend. It is used to gather information about our incoming students so that our administrators and teachers can appropriately design the incoming kindergarten classes.
