In Person Students - your teachers will let you know which lunch you will attend based upon your classroom location.

Distance Learning Lunch: Choose your lunch based upon your live zoom sessions

White boxes indicate independent work time for students who are in person. There is opportunity here for students to meet with their counselors, have tutoring or small group opportunities, and for schools to leverage this time for transitions, lunch, mask breaks, etc. For students in distance learning, this is an opportunity to have access to their teachers. All teachers will have available office hours to visit with distance learning students.

Blue boxes indicate when students who are in person will be receiving live instruction from their teachers. Students who are in distance learning at their home site are expected to stay on pace with the students who are in "in person" mode of learning and it is critical they make every effort to join the live zooms. Students should continue to go to Canvas to find the links for the live zooms. The level of engagement will look different based upon the content area, grade level of students, etc. Students remaining in distance learning should not expect the same level of engagement with teachers during "live" lessons as the in person students and communicate with your teachers if you have extenuating circumstances that prevent you from attending live Zoom class consistently.
