SPARTAN TIME

- Meets every day after lunch
- Character education activities
- Social Connections
- Reading and academic check in's
- FUN!

MATH PLACEMENT & PROGRESSION

- The first step in providing a meaningful education for student is the determination of appropriate coursework. The faculty of ROCORI schools will utilize data gained from student records to determine the appropriate placement of students in core academic subjects. The school has an objective data-driven process to place students in the appropriate core courses.
- **Math Course Progression:** Many students and parents are concerned with math course placement in the middle school and how it translates to future opportunities in the high school. Students who qualify to take pre-algebra in grade 6, algebra in grade 7, and geometry in grade 8 have consistently performed at or above the 90th percentile on standardized assessments, including their three most recent standardized assessments. RMS uses data from assessment results and trends for individual students when placing them math courses. RMS uses data from the Minnesota Comprehensive Assessments (MCAs) and the STAR test.

ACADEMIC INTERVENTIONS

- Math and Reading Skills
- The Response to Intervention (RtI) Team has established a data-based process for determining the placement of students in skills. To be assigned a Skills class, a student will have performed “below the benchmark” on standardized assessments.

6TH GRADE BAND FOR NEXT YEAR!

Hello from our Music Department...

- Tony Hutar
- Stephanie Randolph
- Kim Morford

Yes - we are asking you to sign up for band prior to actually trying the instruments. We are asking if you want to be in band, not what instrument your student wants to play.

We are hoping/planning that we are able to have the 5th graders try the instruments at the end of this school year. Covid is making everything a little more difficult, but still possible.

Tony Hutar will be contacting every 5th grade household when we know our plan for having the students try-out the instruments.

These are the band instruments we start students on in 6th grade: Flute, Clarinet, Alto Sax, Tenor Sax, Trumpet, French Horn, Trombone or Baritone. We will have percussion tryouts in November (after our first concert).

Questions contact Tony Hutar at hutara@rocori.k12.mn.us
