

Parent Pick-up Procedures

- Students are assigned a zone by the first letter of their last name.
- Zones are alphabetical and labeled with colored signs. The first sign (A-G) is blue. The last sign (T-Z) is yellow and next to the porta potty.
- The right lane is for parking to drop off or pick up. The left lane is for entering and exiting. **There is no stopping in the left lane.**
- Students must wait for their parents to park at the curb **before** leaving the sidewalk.
- If parents drive by and do not see their child, they can circle around (similar to the process used at airports).
- In order to speed up the process of cars entering and exiting our front lot, the exit is right-turn only during turn arrival and dismissal times.
