It's Time to Enroll in Flex Benefits

Flexible Spending Accounts (FSAs) are a great way to save taxes on money you spend for medical and dependent care expenses.

That's because you do not pay income tax or Social Security tax on your election amount (the money you set aside). A Health FSA account is used for medical expenses, and a Dependent Care FSA (also known as a Dependent Care Assistance Plan) is used for child care expenses.

Health FSA

In a Health FSA account, you can put aside funds (up to the max per year, depending on your plan) to pay for unreimbursed medical, dental and vision expenses (that is, bills that are not paid by any insurance). This money is deducted from your pay before Federal and State withholding and FICA taxes are calculated. To access your FSA funds to pay medical expenses, just use your Mastercard® debit card to pay the bill (avoiding out-of-pocket cost), or file a manual claim for reimbursement by fax, email, postal mail, online, or via mobile app. Reimbursements can be deposited directly into your bank account.

To see a list of qualified medical expenses, see page 5.

Dependent Care Assistance Plan

With a Dependent Care FSA, you can set aside up to \$5,000 through your employer's cafeteria plan to cover care expenses for dependents while you're at work. DCAP applies to children from birth until their 13th birthday and can reimburse for daycare, preschool and pre-kindergarten, before- and after-school care, and summer camp (day camp only). You can also use a Dependent Care FSA to cover care costs for adult dependents who cannot take care of themselves while you're working.

Flexible Spending Account (FSA) Contribution Limits:

Health FSA: \$2,750
Dependent Care FSA: \$5,000

FSA Debit Card

Your employer is offering an FSA debit card to allow you to pay for eligible expenses without being out-of-pocket and waiting for reimbursement. The debit card is a payment facilitator that can be used at healthcare facilities, doctors, dentists and orthodontists, vision care providers, drug stores, and selected retailers.

You will receive a yellow mySourceCard® benefits debit card.

Your debit card will be automatically approved when used for FSA-eligible items at any approved IIAS Qualified Merchant. When using your debit card, be sure to keep all receipts. Your benefits administrator may request them at any time to verify your purchase.

FSA's & Debit Card FAQs

Q: What if I am not covered or I do not have my dependents covered under my company's health insurance plan?

A: You and your family can still participate in the Health FSA or Dependent Care reimbursement account.

Q: Why should I participate in the Health FSA when I already have health insurance?

A: The Health FSA is used to pay for expenses that are not covered by most health insurance policies, such as co-payments, co-insurance, prescription drugs, glasses and contacts, orthodontics, dental care, and certain over-the-counter items, to name a few.

Q: Do I need to have a lot of expenses?

A: No. You should put aside only enough funds to cover what you expect to spend during the plan year. If you do not use the money, the IRS mandates that you lose it, unless your plan allows unspent Health FSA monies (up to a maximum of \$500) to be carried over to the next plan year. Review your Summary Plan Description (SPD) to see if your plan includes Carryover.

Q: How do I figure how much to set aside?

A: Review receipts and check registers to see what you typically spend out-of-pocket on medical expenses for yourself and qualified family members. Then think about what might be different this year that would cause an increase or decrease. *Use the FSA worksheet provided.*

Q: What is the minimum/maximum amount that I can put into my account?

A: These amounts are determined by your employer and specified in your SPD. The maximum cannot exceed the IRS-mandated maximums. See the top of page 2.

Q: When must expenses be incurred in order to receive reimbursement under the Health FSA?

A: Eligible medical expenses must be incurred during the plan year and while you are a Plan participant. "Incurred" means that the service or treatment has been provided. If you pay for an eligible expense in advance, you cannot be reimbursed until the service or treatment has actually been received. You also cannot be reimbursed with current plan year funds for expenses incurred:

- Before the plan year began;
- Before your election form became effective;
- After the close of the plan year; or,
- After a job separation or loss of eligibility (unless incurred during an applicable COBRA continuation period).

FSA's & Debit Card FAQs

Q: How do I access my FSA funds? What is the FSA debit card?

A: You will receive a benefits debit card that is linked to your FSA account. This is a limited-purpose Mastercard® that is coded for medical providers only. Having the FSA debit card lets you cover qualified expenses without first having to pay out-of-pocket and then wait for reimbursement. Although you have the option of setting a PIN for your card, a PIN is not necessary; to pay an expense, just swipe the FSA debit card as you would a regular credit card. If for any reason you did not use your card to pay an eligible expense, you can submit a claim for reimbursement (also known as a “request for distribution”).

Q: Do I have to keep up with receipts?

A: You should always keep your receipts, even when you use your FSA debit card. With an FSA card, your transactions should automatically be approved, however, your administrator may ask for the receipt at any time in order to verify a transaction. Without an FSA card, you will have to send in a signed claims form with valid claims documentation

Q: What is required as claims documentation?

A: You must submit a copy of your statement, invoice, visit record, explanation of benefits (EOB), or other document that shows the date and type of service, amount charged, and provider. Canceled checks and credit card slips are not qualified receipts.

Q: What if I have a claim early in the plan year and do not have enough money in my account?

A: You are eligible for 100% of your Health FSA election at the start of the plan year, due to the “Uniform Coverage Rule.” Your payroll deductions will continue throughout the plan year to catch up on any expenses you have been advanced. For the Dependent Care FSA, you will be reimbursed as your deductions are deposited with your employer.

Q: If I put my own pre-tax money in a spending account, why would I lose it if I don't spend it?

A: This is an IRS requirement. If your plan does not include Carryover, you may have a grace period of up to 2.5 months from the end of the plan year to use any leftover funds. You may also have a run-out period from the end of the plan year to submit eligible claims. Refer to your SPD.

Q: Can I change my contributions during the year?

A: Only if you experience a qualified change of status, such as marriage, divorce, birth, adoption, or a change in your or your spouse's employment status.

Q: Can Dependent Care expenses be reimbursed at the beginning of the month for care that will be provided later in that month?

A: No, regulations require that Dependent Care claims can only be reimbursed when a service has actually been received. If you pay in advance for a certain period of time, you cannot be reimbursed until the period has ended (i.e., until the care has been received).

Q: Can an employee who participates in Dependent Care FSA also claim the Dependent Care Tax Credit?

A: No. There is no ‘double-dipping.’ If you are using a DCAP you may not also elect the tax credit on the same money. Please consult with a tax preparer for more information.

Q: Does the provider have to do anything different to take the FSA debit card?

A: No. The card is compatible with standard Mastercard processing systems. The only requirement is that the provider's credit card Merchant Category Code matches one of those assigned to qualified goods and services (i.e., the card will not work at a gas station, pet store, hair salon, etc.)

Q: What if there is not enough money in my FSA when I swipe the card to pay an expense?

A: If the transaction exceeds your available balance (purse value), usually it will be declined. Some merchants can accept “split tender,” which means their system is able to charge your card only for the portion that equals your available balance and then ask for a different form of payment to cover the remainder.

Q: Are there any transaction limits on my FSA debit card?

A: Both the per-transaction limit and the maximum combined daily transaction limit for the FSA debit card is \$5,000.

Q: How can I check my account balance, card transactions, status of reimbursement claims, and so on?

A: You have account access 24 hours a day through your FSA online employee portal and through the FSA mobile app. To register and log in for the first time, refer to the welcome email that your benefits administrator will send after enrollment.

Q: What if I still need help after looking at my account?

A: Contact your benefits administrator, whose information can be found on the back cover of this enrollment booklet.

How To Submit A Reimbursement Claim (FSA)

All sections of the claim form must be completed in order to receive reimbursement.

Claim Form Section 1: Employee Information

The following information must be included for each claim:

- Employee (Participant) Social Security Number
- Employee Name
- Employee Address
- Employee Phone Number

Claim Form Section 2: Claim Information

The following must be included for each claim:

For Medical Expenses

- Date of Service
- Patient Name
- Name of Provider
- Description of Service
- Amount of Claim

For Dependent Care Expenses:

- Date of Service
- Dependent Name
- Dependent Age
- Name of Care Provider
- Care Provider Address
- Provider Tax ID/SSN
- Amount of Claim

For Medical Expenses, you must provide a provider receipt or insurance carrier explanation of benefits (EOB) that contains ALL of the information listed under “For Medical Expenses” above. Cancelled checks, non-detailed credit card receipts, or generic cash receipts do not provide all the information necessary to substantiate claims and cannot be accepted. Statements with “Previous Balance”, “Balance Forward”, or “Paid on Account” do not contain all of the necessary information and cannot be accepted.

For Dependent Day Care Expenses, you must provide either a receipt that contains ALL of the information listed under “For Dependent Day Care Expenses” or a signature of the Care Provider on the completed claim form. Expenses submitted for Dependent Care reimbursement must allow the participant to be gainfully employed (or looking for work). Overnight camps, extracurricular activity fees, care for children over the age of 12, and private school fees (for grades Kindergarten and up) are not eligible expenses for Dependent Care reimbursement.

Claim Form Section 3: Signature

The participant must sign and date the claim form in order for the claims to be reimbursed.
