A PATHWAY FROM HIGH SCHOOL, TO COLLEGE, TO A HIGH DEMAND, FAMILY WAGE JOB IN HEALTHCARE

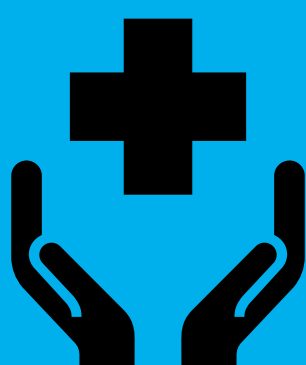

## HANDS-ON LEARNING INSIDE THE CLASSROOM

HCA students engage in real-world skill building using medical training equipment. Students gain industry recognized certifications such as: CPR/ First Aid, electronic health records, HIV/AIDs, OSHA and HIPPA

## GUEST SPEAKERS & OFF-SITE LEARNING

Freshman engage with a wide range of guest speakers and travel to HCA partner sites for hands-on learning and experiences

## CONNECT WITH COLLEGES & UNIVERSITIES

In a small group setting, sophomores visit colleges & universities to hear from career mentors such as: instructors, admissions staff and college students to gain a broader understanding of healthcare college programs to aid them in choosing a career path

## CONNECT WITH INDUSTRY PROFESSIONALS

In a small group setting, sophomores visit healthcare facilities to increase their understanding of the career of their choice

## REAL-WORLD EXPERIENCES

Volunteerism develops professional skills to prepare for 11th & 12th grade healthcare volunteer internships/job shadows, hands-on experiential learning and/or work-site learning at a healthcare facility, to discover a pathway that fits their interests and career goals

**8TH GRADE STUDENTS - SIGN UP ON A COURSE SELECTION SHEET WITH YOUR COUNSELOR, OR MT. TAHOMA, OR STADIUM COUNSELOR**
